NO. 248—SIXTY-FOURTH YEAR

VICTORIA, BRITISH COLUMBIA, THURSDAY, SEPTEMBER 28, 1922

EIGHTEEN PAGES

## KEMALISTS VIOLATE NEUTRAL ZONE AGAIN

Remonstrances of British Officers Fail to Stay Turk Advance—British Column Sent to Counter Threat of Turk Cavalry to Cut Off Advance Posts

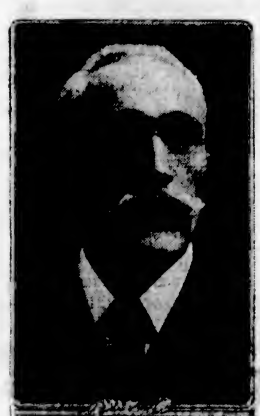

### Early Dispatches Were Of Optimistic Nature

CONSTANTINOPLE, Sept. 27.—Kemalist forces have occupied without opposition positions in the regions of Dumbrek, Lampaki, Yaghijlar and Sanakeli, all in the neutral zone of the Dardanelles. This is the fifth violation of the zone.

Remonstrances by the British officers failed to stay the advance of the Turks. British flags were posted throughout the invaded territory.

## LIBERALS FACE P.G.E. PROBLEM

Delegates Flock to Nelson for Opening This Morning of the First Provincial Convention Since 1914

F. A. PAULINE

NELSON, B.C., Sept. 27.—Results of the caucus of the Liberal members of the Legislature here today so far as the caucus is willing to mount a policy, consist of a recommendation that F. A. Pauline, of Saanich, be the selection for Speaker of the House; that J. A. Hucham, of Golden, be named as whip, and that Alex. Paterson, of Delta, be offered the post of deputy whip.

Sessions of the caucus were held this forenoon, afternoon and evening, and the great question before the Board, it is admitted, was that of the problems of the Pacific Great Eastern Railway.

While no recommendation was arrived at it was said in an understanding of opinion was in favor of operating the line and completing it to Port George, and of following the Sullivan report to the extent of abandoning the line from Clinton to Ashcroft, and then making connection with a transcontinental line.

Tonight the city is filled with Liberal delegates from the Kootenays and at 6 o'clock tomorrow morning the special conveying the Coast delegates will pull in, six hours late.

A meeting of the West Kootenay Liberal Association at 8:30 o'clock tomorrow morning of the first Provincial Liberal convention since 1914.

The morning's proceedings are expected to be confined to the address of President M. A. Macdonald and the work of organizing the convention.

## FLOOD DEPARTMENT IN VICTORY BONDS

Similar Securities Bearing Same Rate of Interest at Longer Terms Prove Attractive to Investors

OTTAWA, Sept. 27 (C.P.).—The Department of Finance is being flooded this week with shipments of 1922 Victory Bonds for exchange into similar securities bearing the same rate of interest and running for a further period of ten years as desired. The minister's offer stipulates that the old bonds should be turned in on or before September 30, and while the conversions have been heavy during the last few weeks, there has been a decided increase as September 30 approaches in the quantity of bonds reaching the department from the thousands of bank branches throughout the country.

Prices of Victory Bonds have been strong on the market. Since the publication of the Minister's offer the price of 1922 bonds has risen from slightly below par to 100.30, indicating that the latest offer has been regarded by the financial community as an attractive one. With talk of the United States government issuing a refunding loan this fall on a 4 or 4 1/4 per cent basis, a rate of 5 1/2 per cent on Canadian securities is decidedly attractive.

## LONG PLANNED AGAINST KING

Leaders Were Army Officers Disgusted With Incompetent Conduct of Campaign in Asia Minor

### GREEK DISASTER EFFECTS VENIZELOS

Will Take No Further Part in Affairs Until Endorsed by Freely Expressed Popular Mandate

PARIS, Sept. 27.—M. Venizelos, who was prostrated by the Greek disaster, went to Deauville for rest and quiet. He has been informed of the latest turn in the situation at Athens by his friends in Paris, and will make no plans until he has received full advice. It is understood that he expects to return to Paris Friday, when he will consult with his friends and decide upon the course of action to be followed.

To Save From Wreck  
The adherents of Venizelos here are doubtful that he will join a new ministry at present, and incline to the belief that he will play a more effective role in trying to save as much as possible from the wreck as Greece's representative at the peace conference. In any case, M. Venizelos will take no part in affairs until endorsed by a freely expressed popular mandate.

The movement which has resulted in the abdication of King Constantine has long been planned. The leaders are a number of army officers who became disgusted with the incompetent conduct of the campaign in Asia Minor. They are by no means all Venizelists, but foresee disaster. They have now but one idea, those in Paris who are in close touch with them say, to minimize as far as possible the consequences of recent events.

New Greek Government  
General Nider, who is mentioned in connection with the formation of a Greek Government, is of Bavarian descent. He is described by a friend not a Greek, as a man of the highest character and integrity, a capable officer and fine organizer and administrator, with an attractive personality. Two years ago he commanded the Greek forces in Karabagh, and was equally popular with the Turks and Greeks. There never were any atrocities in his area. He came under the suspected list at Athens, however, and was relieved of his command and placed on half pay.

## BRITISH BANKER VISITING HERE

Sir James Hope Simpson Says Canadian Investments Are at No Disadvantage on the London Market

"Eligible Canadian investments can be placed in the London market at no disadvantage as compared with securities of other British Dominions. There was for a time some disposition to criticize Canadian investments in view of the Grand Trunk railroad controversy, but the decision given by the Judicial Committee of the Privy Council in favor of the Government of Canada has removed any feeling that the Grand Trunk shareholders were unfairly treated. On the other hand any would-be Canadian borrower must remember that there is not so much money in Great Britain available for investment as there was before the war, and that a higher price had to be paid for it."

The above statement was made last evening to The Colonist by Sir James Hope Simpson, director and general manager of the Bank of Liverpool and Maritime Ltd., Liverpool, who arrived here yesterday. He is accompanied by Lady Hope Simpson and Dr. W. McAfee, West Kirby, Cheshire. The party will remain on Vancouver Island for probably several weeks before returning East.

"It came to Canada not only for the sake of my health," said Sir James, "but to see for the first time this part of the British Empire which I had not visited before. It is a relief to get away for a time from the political, social and business problems of the war and post-war periods. You ask me about business conditions in the Old Country. Continued on Page 11

## REVOLUTIONARY ARMY ON WAY TO GREEK CAPITAL

ATHENS, Sept. 27.—The revolutionary army is marching on Athens and will reach the capital tonight. Three hundred army officers visited the King and urged the formation of a military cabinet. They were ready, they said, to put themselves at the head of the people to combat the revolutionists, maintain order and defend the King.

## Is Named New King of Greece

PRINCE GEORGE  
Who Takes Throne Which King Constantine Has Lost Twice in Five Years.

## ANGLO-SAXONS IN EVIL GRIP

Make Up 90 Per Cent of Drug Addicts, Juvenile Court Judge States—Vancouver Is Traffic Headquarters

TORONTO, Sept. 27.—"Unless we put a stop to it the Anglo-Saxon race is doomed," these words formed the basis of a startling address on "The Drug Menace and the Anglo-Saxon Race," delivered by Judge Emily Murphy, of the juvenile court, Edmonton, at the Kiwanis Club luncheon here today. Ninety per cent of all drug addicts are Anglo-Saxons, while 90 per cent of the peddlers are foreigners," she declared.

Worse Than in U.S.A.  
"The headquarters of the drug traffic is in Vancouver. Conditions there are worse than in San Francisco, Seattle, Los Angeles, or other large Western cities. In 1919 Vancouver had 293 convictions for drug selling or taking; in 1921, 858, and in 1922 more than 1,000.

"There is great need," continued Judge Murphy, "for special legislation to deal with this evil. At present Manitoba alone has a Provincial act. The drug rings are at present being systematically pushed out into the country. The mines and lumber camps are fertile new fields for the drug operator and already he has got busy amongst them. The rings include many prominent and professional men, bankers, doctors, lawyers and others.

"Unless we strangle these rings, there can be no doubt but that they will strangle us."

## APPROVE DECISION ON BOARDING SHIPS

Prohibition Enforcement Officers' Action Might Have Led U.S. Into Serious Trouble

NEW YORK, Sept. 27.—Several of the New York newspapers give editorial approval this morning to the decision of the U. S. Cabinet to restrict the boarding and seizing of foreign ships by United States prohibition agents to the three-mile limit. There is reason for profound relief in the decision, says The Tribune, and points out that the action of prohibition enforcement officers which "were becoming more and more extravagant" might easily lead the United States into a very serious position.

Courting Complications  
"To claim a right to hunt for rum or any other contraband up to a twelve-mile limit," continues the newspaper, "is to assert a right unrecognized by the family of nations and to court every manner of dangerous international complications. To board a British ship plying between Jamaica and Halifax and arrest her captain would be a seizure utterly impossible to defend in international law."

## WAR DEBT SESSION COMMENCES FRIDAY

WASHINGTON, Sept. 27.—The world war debt funding commission will meet Friday for a general discussion of the war debt situation. It was announced today at the treasury.

\$500,000 Fire at Ashland

ASHLAND, Ky., Sept. 27.—The wholesale district was swept by fire today. The loss is estimated at \$500,000.

## PRINCE GEORGE TO TAKE OATH OF KING TODAY

ATHENS, Sept. 27.—King Constantine, bowing to the will of the army and navy, has abdicated, and Crown Prince George, who married Princess Elizabeth of Roumania, becomes King of Greece. "Until the people say they want me no more, I shall hold my throne," the King declared yesterday afternoon after a search of the press. He accepted the swift revolution as voice of the people. Crown Prince George will take the oath of King this afternoon at the palace before the members of the retiring cabinet.

## SEARCHERS LOCATE MISSING YOUNGSTER

Three-Year-Old Jack Williams, After 48 Hours in Wilderness, Was Found But an Empty Stomach

Sitting serenely alongside a stump and apparently enjoying his escape, a three-year-old Jack Williams, son of Mr. Edward Williams, road foreman of the Esquimalt district, was found yesterday afternoon after a search which was instituted Tuesday afternoon following his disappearance from his home near Parson's Bridge. Beyond a pronounced desire for something to eat the youngster appeared to be none the worse for his forty-eight hour wanderings in the countryside over which nearly one hundred searchers had made untiring efforts to locate the wanderer. The search party, headed by Provincial Constables McPhail and Robert Gower, and aided by Mr. H. H. Pooty, M.P.P., and other prominent residents of the Esquimalt district, had spent Tuesday afternoon and evening, and again yesterday in diligently exploring every nook and corner in their effort to locate the youthful wanderer.

Young Williams, a sturdy lad with the spirit of adventure well developed, disappeared on Tuesday about noon, from the home of friends of his parents with whom he was staying. At first it was feared he might be lost, but no effort was spared by the police officers, aided by willing searchers to locate him. The search continued well into the darkness on Tuesday, when it had to be abandoned until yesterday morning. There was no lack of assistance proffered to the police and yesterday morning over a hundred searchers started on a systematic effort to find the missing boy. At 8 a.m. yesterday twelve men and one N.C.O. from the P.P.C.L.I. volunteered for the search, and at 12:30 all available men in farrier turned out to aid. A bloodhound, owned by Mr. Silk, of Esquimalt, was used and the animal's work undoubtedly resulted in success. Yesterday afternoon Thelma Lake was dragged by several parties.

Young Williams was found about a mile from the home whence he had disappeared. It was his response to calls by the searchers that led to his discovery. He was propped up against a stump where he told his rescuers he had slept during Tuesday night. He was quite comatose and did not appear to have a worry in the world except hunger, which he was not slow in announcing. The youngster was quickly taken to his home, where a doctor was called, but there was no evidence that he had suffered any from his wanderings.

## TROUBLE COMPLICATED BY GREEK REVOLUTION

Doubtful How Constantine's Disappearance Affects Evacuation of Thrace, Required by Allies and Insisted Upon by Kemal Pasha as Preliminary to Peace Conference

### Eighty Thousand Greeks Standing By in Thrace

LONDON, Sept. 27.—A Greek revolution has been added to the ever deepening Near Eastern difficulty, and the Allies are now faced with a more complex situation than ever. An impromptu Cabinet meeting tonight found the Ministers in a very pessimistic mood, the only comforting aspect of the critical position being that no collision has yet occurred between the British and Turks in the Chanak zone.

Affects Greek Evacuation

The people are anxiously asking how the disappearance of King Constantine and the new situation in Greece will affect the question of Greek evacuation of Eastern Thrace required by the Allies and insisted upon by Kemal Pasha as a preliminary to any peace conference. From the confused and conflicting accounts reaching here from Athens, this is a matter of extreme uncertainty.

The revolution seems to have taken two different lines, one demanding the defence of Thrace, the other asking for the formation of a pro-entente government. It was also reported that General Papoulas, the new military governor of Thrace, has gone to the revolutionists' headquarters in the Laurlum region to consult with the leaders of the coup. Until more definite news is received and a new Greek Government is formed, it is impossible to estimate what the situation will develop.

80,000 Greek Troops Ready

It is stated that Greece has 80,000 troops in Thrace ready to fight the Turks, and in the event of a revolutionary government coming into power, with a determination to defend the provinces, the question arises who will undertake to enforce Greek evacuation to satisfy Kemal demands.

That the British Government is adhering to its policy to return Eastern Thrace to the Turks is demonstrated by the fact that Greek transports have been forbidden to use the Straits from today. It was supposed that the Greeks themselves had withdrawn the cruiser Averoff in response to the Allied request, but a late dispatch reports that the crew of the Averoff mutinied and sailed for Constantinople without their commander.

The Associated Press correspondent at Constantinople learns that the Kemalists are willing to accept the principle of neutrality of the Straits pending the armistice conference, which General Harrington proposed should be held at Mudania or Imdid. Apparently, therefore, Kemal Pasha is ready to participate in such a conference, and this implied that the position is much eased.

General Harrington continues to act with the utmost prudence and moderation. He prevented an imminent collision of the opposing forces in the Chanak area by a wireless order to General Shultze to suspend an attack, and, according to information available here, the Government has given him complete freedom of discretion regarding a time limit, and clearly does not desire to press matters.

Await French Envoy  
M. Franklin-Bouillon, the French envoy, is expected to reach Smyrna tomorrow morning, and it is believed that until he has seen Kemal Pasha there will be no military move of importance. Unofficial reports assert that Kemal will declare the Allied conditions for a peace conference unacceptable and insist upon the use of the Straits for the transport of his troops to Thrace before consenting to enter such a conference. Both British and Turkish are concentrating large forces on the Imdid and Chanak lines. The British fleet on the spot now consists of six dreadnoughts, seven battle cruisers and twenty destroyers, while the land forces, which are continually being increased, already amount to 30,000 men.

## DENIES BRITISH RECRUIT GREEKS

Disaffected Elements Circulate Statements in Order to Sow Discord, Says British Commander in Constantinople

CONSTANTINOPLE, Sept. 27.—General Harrington, the British commander, has issued a contradiction to a rumor circulated in Turkish circles to the effect that the British are recruiting Greeks and Armenians to fight the nationalists. The rumor, says the general, is characteristic of the mischievous disaffected elements, who are putting such statements in circulation in order to sow discord. Nationalistic circles are attempting to justify the reported intention of Mustafa Kemal to demand the suspension of Allied reinforcements. They declare he has the power to close the Straits entirely and thus bring pressure on the Allies, and that in the event of the failure of the peace conference to agree, he would lose his only effective weapon over the Allies to hold the Straits in strength.

Dr. Charles S. Moore Dies

LONDON, Ont., Sept. 27.—Dr. Charles S. Moore, for nearly fifty years one of London's best known citizens, died yesterday.

## DISARMAMENT DEBATE RENEWED

Australian High Commissioner Tells League of Nations He Fears Era Is Still Somewhat Remote

LONDON, Sept. 27.—A feature of the renewed disarmament debate in the assembly of the League of Nations, which resulted in the adoption of the report of the third commission on armament reduction, designed to prevent war, was the forcible speech of Sir Joseph Cook, Australian High Commissioner in London, says a Reuters dispatch from Geneva. Sir Joseph expressed disappointment at the delays in arriving at the reduction of armaments, and said he feared that the era of disarmament was still remote.

Sir Joseph declared that if the League failed on the question of disarmament it would fall in the object of its existence.

An Economic Question  
He affirmed that disarmament was essentially an economic question, and pointed out that Germany, which was being disarmed, was placed in an advantageous position compared with the states which maintained armaments.

Australia had followed the example of Great Britain in reducing its armaments by 25 per cent, Sir Joseph said. He declared that persisting in armaments would lead to the destruction of the nations.

## ASK COMPLETE NAVY TO REVOLT

Call for Republic of Greece Is Bluff, Say Officers—Shots Are Fired on the Streets of Athens

ATHENS, Sept. 27.—The battleship Lemnos has sent radio messages to the entire navy asking for adherence to the revolution. It is reported that the Lemnos arrived at Piraeus, the seaport of Athens, this morning, and is stopping all ships carrying officers and troops; these are being forced to join the revolutionary movement. Shots were fired in the streets of Athens at 11 o'clock this morning. About 100 officers of the army and police passed through the Place de la Constitution, shouting, "Long live the King." They were surrounded by several train cars filled with civilians, who raised the same cry. Gradually a crowd formed behind the officers and several of the officers shot, declaring that the revolution was a bluff, engineered by a few men, and that the government should not yield to the revolutionists.

## CONFIRMS REPORTS OF CEDAR CREEK CLEAN-UP

VANCOUVER, Sept. 27.—Confirmation of the reported large returns in rocky clean-ups in the Cedar Creek placer gold area is brought to the city by Dr. W. A. Johnston, engineer in the service of the Dominion Geological Survey, who returned to Vancouver today after spending a summer in the Cariboo with a party of geologists.

He stated that on the claims of the Cedar Creek Mining Company, \$5,985 in gold had been taken out in six days with two rockers.

## CONSTANTINE WAS PREPARED TO LEAVE

COPENHAGEN, Sept. 27.—The announcement of King Constantine of Greece aroused no surprise here. It has been rumored for several days that he was negotiating to obtain permission to reside in Denmark.

### BELIEVE CRACKSMEN COME FROM STATES

Organized Gang Entering Western Banks Operate in Power Cars Within Reach of Border.

WINNIPEG, Sept. 27.—Robbers broke into the branch of the Union Bank of Canada at Moosomin, Sask., this morning, and escaped with \$7,000 in cash. It was the third Western branch of the Union Bank to be plundered in recent weeks, others being Foremost, Alta., and Melita, Man.  
A Regina report says that ten men were engaged in the operation, and that several shots were fired, but that no one was hurt. Telegraph wires were cut, and the bandits left town by auto. It is said to be the theory of the authorities that recent bank

robberies in Western towns have been conducted by gangs of crooks operating from the United States who are engaged in international bootlegging. All banks which have been robbed have been in towns within easy motor distance of the boundary, and with wires cut and two or three hours' start in powerful cars, the bandits have been able so far to keep clear of pursuit. Moosomin is about 40 miles north of the border, the farthest north point robbed in the recent series.

#### Girls Keep Cool

MONTREAL, Sept. 27.—Three hundred girls marched in an orderly way from their classrooms of the Marie Rose Academy here, and to safety, when an explosion in the furnace of the boiler threatened to set fire to the place yesterday.

## REVIEWS WORK OF METHODISTS

General Superintendent, Rev. Dr. S. D. Chown, Deals With Important Matters in Address to Conference

TORONTO, Sept. 27.—That the whole question of church union, with its important ramifications regarding existing ministerial superannuation funds, the Presbyterian General Assembly proposals for the guarding of the rights of the minorities opposed to the union, and other features, will still require an immense amount of intensive and responsible thought to bring the movement to a successful and happy conclusion, was the pronouncement at the Methodist General Conference held here by Rev. Dr. S. D. Chown, General Superintendent of the Methodist Church in Canada.

The elected leader of the Canadian Methodist Church predicts the coming of a "glorious revival" which would give birth to a new age in history. Leadership in this evangelism would be the work, not of a "few mystical enthusiasts," but of the biggest men in the community.

#### Escape From Truth

Dr. Chown vigorously condemned "an abundance of literature of today which is evading the very foundations of society." He declared that most romantic writers escaped from truth and reality by throwing into the discard the fundamental moral convictions which gave direction to conduct and character during the nineteenth century. Under the heading of "New Thought," the General Superintendent warned that people should not use it as a substitute for the religion of Jesus Christ. He was persuaded that one great need of the church, and one that would mightily add to its attractiveness, was a richer fellowship in truth and love.

In reviewing the world's events during the past four years, and the relation of the Methodist Church to these events, Dr. Chown said that notwithstanding the unrest which has marked the past quadrennium, the General Conference officials were able to report with glad thanksgiving to the Great Head of the Church that marked prosperity had been granted to the faithful ministers and laymen of Canadian Methodism.

"It is impossible to review the activities of the Church and measure its outreach, without a brief respect and anticipation of the Church Union Movement.

"Since June last such draft bills as may be necessary for the incorporation of the United Church of Canada have been in course of preparation, and the proposed Act of incorporation is now ready for your consideration. In doing so it is observed that the doctrine and policy of the church, and the provisions relating to the ministry, have been mutually accepted in considerable detail by the negotiating churches.

#### Support League of Nations

"Canada, with an unfortified frontier of 4,000 miles, maintaining peaceful relations for more than a century with her neighbor to the south, by reason of her gallantry and extreme suffering during the war, has a right to call upon all nations to cease their moral insanity and to

### NO SETTLEMENT IN WELSH COAL DISPUTE

Fact That 25,000 Men Are Unemployed Accentuates Public Interest in Critical Situation

LONDON, Sept. 27.—The failure of the South Wales coal mine owners and miners' representatives to reach a settlement in the dispute over the demand for an increase in wages to the lower paid men among the miners, and the fact that between 25,000 and 30,000 men are wholly unemployed there, is accentuating the public interest in the critical situation in the South Wales coal field.

The position is aggravated by the collapse of the coal miners' strike and the railway shippers' strike in the United States. An official of the South Wales Miners' Federation stated that although some contracts have been made to the end of the year, there is no hope of recovering the former prosperity. He says the industry is seriously over-manned, and many men will never again be employed there.

### WIRELESS MESSAGE AVERTED OUTBREAK

CONSTANTINOPLE, Sept. 27.—A wireless message sent to Chanak when the Turkish Nationalists occupied the city, and other points in the neutral zone, was all that prevented an outbreak of hostilities between the British and Turks. It is learned.

Colonel Shuttleworth, commanding the British forces in Chanak, was about to open fire on the advancing Kemalist cavalry squadron when he received an urgent radio from Brigadier-General Harrington in Constantinople, instructing him to suspend the attack until all peaceful measures were exhausted. In consequence, a British officer was sent to the Kemalist lines under a white flag to inform the Nationalist commander that unless he retreated the British would open fire. After further parleys the Turks were given forty-eight hours in which to withdraw beyond the neutral zone.

St. George's was a heavy sufferer. The tide covered Market Square to a depth of three feet. The St. George's Hotel roof was blown half off; two tugs, the Bald Rock and Racine, grounded in the harbor, and the Racine will probably be a total wreck. Many smaller craft were destroyed.

### WALKING SCOTSMAN ARRIVES AT OTTAWA

Won \$27,500 Bet for Sir George News by Walking Through Head Hunters' District

OTTAWA, Sept. 27.—After finishing a 274-mile tour with success, P. J. Macdonald, of Vancouver, and better known throughout the world as "The Walking Scotsman," arrived here last night for a few days' rest before leaving for England.

In London, England, last October, W. H. Howard, multi-millionaire of the Argentine, made a bet with Sir George News that he could walk the Wide World Magazine, that no white man could walk from Panama through the head hunters' district of Javros, Colombia, in thirty days. The bet was stated time set for the man to cover the distance, and the stake was \$27,500. Macdonald hung up a world's record of walking fifty-eight miles a day, and won the bet for Sir George. He left Ottawa last November, and is today back in the capital after walking to Callao, Colombia.

### CATHOLIC WOMEN IN SESSION AT WINNIPEG

Through Family Will Come Restoration of the World, Says Pope

WINNIPEG, Sept. 26.—"I wish you to devote yourselves to the family; the family is the centre of all good, and through the family will come the restoration of the world," stated Pope Pius in a message which was read at the opening session of the second annual convention of the Catholic Women's League of Canada here tonight. The message, which bestowed the papal blessing on the Catholic women of Canada individually and collectively, was read by Miss Belle Guerin, Montreal, Dominion president, who received it from His Holiness when she attended the international conference of Catholic Women's Leagues in Rome as the Canadian delegate. In connection with that convention, Miss Guerin was decorated with the Gold Cross.

### APPEALS TO WORKERS TO PREVENT NEW WAR

International Unions "European Imperialists" Be Prevented From Plunging Europe Into Strife

MOSCOW, Sept. 27.—Upon the heels of the Russian Soviet note to the Entente and Balkan States on the Near East situation, the Third International has addressed an appeal to the workers of the world, urging them to do everything in their power to prevent the European imperialists, as the appeal expresses it, from taking up arms and plunging Southeastern Europe into a new and far-reaching war.

The Turkish soldiers, inspired by the victories of the Red armies, continue the appeal, have overthrown the Allied designs for the enslavement of the Turkish peoples. The appeal asserts that English imperialism threatens the world with a new war involving all the Balkan countries.

### HANDLES MORE WHEAT

WINNIPEG, Sept. 26.—Two hundred and seventy million bushels of grain was handled by the Lake Shipways Clearance Association by vessel and rail during 1921. It was said here today by Capel Tilt, president of the association, at the annual meeting.

This was 73,000,000 bushels more than was handled in 1920, and 147,000,000 more than in 1919, nearly 800,000,000 more than was handled during 1909, the first year of the association's operations.

The total of 270,000,000 bushels shipped by the association from Port William and Port Arthur was over double the quantity loaded from Chicago, which is the amount loaded out of Duluth in the same period, and approximately 75,000,000 bushels in excess of Chicago, Duluth and Superior combined, Mr. Tilt said.

### NO SETTLEMENT IN WELSH COAL DISPUTE

Fact That 25,000 Men Are Unemployed Accentuates Public Interest in Critical Situation

### APPEALS TO WORKERS TO PREVENT NEW WAR

International Unions "European Imperialists" Be Prevented From Plunging Europe Into Strife

MOSCOW, Sept. 27.—Upon the heels of the Russian Soviet note to the Entente and Balkan States on the Near East situation, the Third International has addressed an appeal to the workers of the world, urging them to do everything in their power to prevent the European imperialists, as the appeal expresses it, from taking up arms and plunging Southeastern Europe into a new and far-reaching war.

The Turkish soldiers, inspired by the victories of the Red armies, continue the appeal, have overthrown the Allied designs for the enslavement of the Turkish peoples. The appeal asserts that English imperialism threatens the world with a new war involving all the Balkan countries.

### HANDLES MORE WHEAT

WINNIPEG, Sept. 26.—Two hundred and seventy million bushels of grain was handled by the Lake Shipways Clearance Association by vessel and rail during 1921. It was said here today by Capel Tilt, president of the association, at the annual meeting.

This was 73,000,000 bushels more than was handled in 1920, and 147,000,000 more than in 1919, nearly 800,000,000 more than was handled during 1909, the first year of the association's operations.

The total of 270,000,000 bushels shipped by the association from Port William and Port Arthur was over double the quantity loaded from Chicago, which is the amount loaded out of Duluth in the same period, and approximately 75,000,000 bushels in excess of Chicago, Duluth and Superior combined, Mr. Tilt said.

## Boys' Underwear At Tempting Prices

A great variety of the finest makes of underwear is to be found in our boys' department. We carry none but reliable garments—the kind we can recommend.

Below we quote you a few of our lines and prices.

Bill Before Australian House to Make Big Reductions in Income and Land Charges

LONDON, Sept. 27.—(Canadian Press Cable)—A bill has been introduced in the Australian House of Representatives abolishing the 30 per cent income super tax and reducing the land tax from 20 to 10 per cent, says a Reuter dispatch from Wellington, N.Z.

**BRITISH BACK DOWN, SAYS GENERAL CURRIE**

SASKATOON, Sask., Sept. 27.—The British people appear to be backing down in the Near East crisis, said Sir Arthur Currie, principal of McGill University, and former commander of the Canadian forces in France, in an interview here this morning. Sir Arthur is here as a member of the Montreal Board of Trade party which is touring Canada.

Sir Arthur has no statement to make regarding the possibility of Canadian participation in the war if it occurs, but he feels strongly that all over the Empire they are not forcing the issue.

## 60,000 YOUNG AMERICANS DIE

Each Year—From Old Age Diseases—Due Largely to Faulty Food

PROFESSOR McCOLLUM, of Johns Hopkins University, says these old age deaths, from diseases of the heart, blood vessels, kidneys, brain, digestive organs etc., have doubled in thirty years, and that younger persons are every year being attacked. McCollum also says 10% of all deaths are due to tuberculosis, and "this condition is largely due to faulty food."

Conditions are identical in Canada and all civilized countries where the same foolish food habits prevail.

The food mistakes of civilization and therefore of us Canadians—of me and mine—of you and yours—are too much "denatured," "deficiency," "excess acid," white flour, refined cereals, meats, and sweets; too little whole grain cereals, milk, eggs, leafy vegetables and fruits, the immemorial natural food of the human race.

McCollum has demonstrated that a combination of whole grains is even superior to one whole grain—because better balanced.

Roman Meal is the only combination of whole grains cereal known. It supplies the deficiencies of white flour, other cereals, meats and sweets. It was designed by a food scientist for that purpose. For this reason it nourishes better than meat, relieves most forms of indigestion and positively relieves all forms of constipation.

Because of its Flaxin, Roman Meal contains more bone making salts and protein than even milk, thus it is the best possible food for your child and for the nursing and expectant mother.

Buy Roman Meal at Grocers and at this Delicious Recipe to-day

**ROMAN MEAL BROSE-O**  
Icy-Cold, Steaming Hot Stir 1 rounded cup Roman Meal into 4 cups boiling, salted water. Boil slowly for 10 minutes. Set in a cool place until jelly or in ice chest. Serve cold with milk or cream and sugar, honey, preserves or jelly or banana or berries, etc. (If hot foods are preferred, reheat in double boiler after it has gelled by standing over night.)

Add ROMAN MEAL to Your Daily Diet.

ROMAN MEAL is the only balanced combination of whole grains—wheat, rye, flaxin, and comminuted bran. It is a delicious family food, to be used as porridge, or baked into anything half and half with flour. By using Roman Meal in some way every day, with plenty of milk and some leafy vegetables (preferably uncooked) you provide your body—and the bodies of your children—with every element necessary to sturdy health and long life, and correct the "deficiencies" of modern "excess acid" and "deficiency" foods. Roman Meal aids digestion, positively relieves constipation.

With one exception the most economical cereal sold.

**Whole System Is Benefited By Tanlac**

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tanlac in bringing back their health, strength, and working efficiency. It seems to quickly invigorate the constitution and is a powerful foe of weakness. Mr. J. T. White, a war veteran, of Park Roads, Pender St., Vancouver, B.C., says:

"After being in the hospital for wound and shell shock, I needed something to build me up. I was down to one hundred and twenty-three pounds.

"Tanlac built me up to one hundred and forty-five, and I feel like pinching myself to see if I can really be the same man who was almost a wreck a few weeks ago."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system, and helps you back to normal weight. Get a bottle today at any good drugstore.

Tanlac is sold by all good druggists. (Advt.)

**BRITISH FORCE QUIETS FEARS**

Great Armada and Land Force of 30,000 Soldiers Ease Mind of Christian Population at Capital

CONSTANTINOPLE, Sept. 27.—While the Anatolian Cabinet, sitting at Smyrna, is awaiting its reply to the Allied note, the Nationalist army continues its feverish concentration of troops on the Imdid and Chanak lines. Mustafa Kemal now has 1,100 men in Kum Kaleh, at the mouth of the Dardanelles, 5,000 at Adramytti, 80 miles southeast of Chanak; 10,000 in the intervening Sanjak of Karesi; and considerable forces in the other areas.

The Nationalist leader expects these concentrations to be completed by September 30, which date coincides with the time set for the final evacuation of refugees from Smyrna. It is considered significant here that General Nureddin Pasha, Military Governor of Smyrna, has declared he cannot guarantee the lives of the Christians in Smyrna after Monday. This is taken to mean that the Kemalists want to clear decks for action in the event the Allies reject their reply.

**Check Every Move**  
The British are no less busy strengthening their lines and checking every move made by the Nationalists. Further arrivals of military and naval units are daily augmenting their forces and impairing Mustafa Kemal's chances of successfully attacking the straits.

The Sea of Marmora and the Bosphorus are dotted with the most modern warships, the concentration rivalling that of the fateful days of the Gallipoli campaign.

The British fleet now includes six dreadnoughts, seven battlecruisers, twenty cruisers and several submarines and giant aircraft carriers. The assembly of this great armada and the increase in the British land forces to upward of 30,000 men have quieted the frayed nerves of the anxious Christian population of the capital.

**LONDON TEACHERS ARE UP IN ARMS**

Object to Economy Scheme Providing for Employment of Unqualified Teachers in Infants' Classes

LONDON, Sept. 27.—Women teachers employed by the London County Council absolutely refuse to countenance the economy scheme by which the council proposes to engage unqualified teachers in infants' classes. The qualified teachers contend that the proposal would undermine the whole system of elementary education.

The head mistress decline to admit the new assistants to the school, where it is intended that they should be given three months' coaching.

Sheffield also is having a dispute with its teaching staff, who, in view of the crushing burden of local taxes, have been asked to accept a percentage reduction in salaries as a condition of continuing their employment. The teachers refused to accept it, but they offered to make a subscription among themselves toward meeting the local expenditures.

The Sheffield authorities hold that this method would be ineffectual and are considering the question of discharging all the teachers and then offering to re-engage them at reduced wages.

**SUSTAINED BROKEN NECK; WILL RECOVER**

CHICAGO, Sept. 27.—Paul Wallace, 24, a printer, who dived off a pier and broke his neck two weeks ago, will recover, according to Polytechnic Hospital authorities. He has been saved, physicians said, by an apparatus which stretched his neck, relieving the pressure of three broken vertebrae on the spinal cord.

**Strength from Ironized Yeast Simply Glorious!**

It Follows a Natural Law Which New Science Has Discovered! The Entire Body Quickly Feels New Power!

"I've just about gone to pieces!" Do you know that getting back strength is comparatively easy? But do you realize that it is almost impossible to get it back by means of unnatural drugs? Do you know why?

Ironized Yeast is a natural building force of vitamins and iron, and it builds up your system in half the usual time. Do you know why? Ironized Yeast is a mere mixture of yeast and iron, but yeast ironized, which is a substance all by itself, is what makes Ironized Yeast the most powerful natural building force of vitamins and iron, and it builds up your system in half the usual time. Do you know why? Ironized Yeast is a mere mixture of yeast and iron, but yeast ironized, which is a substance all by itself, is what makes Ironized Yeast the most powerful natural building force of vitamins and iron, and it builds up your system in half the usual time.

**RECEIVES TWO OFFERS FOR COCKATOO ISLAND**

LONDON, Sept. 26.—Premier Hughes, of Australia, while denying the Australian Federal Government is negotiating for the sale of the Cockatoo Island dockyards, admits that two offers of purchase have been received, according to a Reuters cable from Sydney. Of the two offers the latter one has been made by Wilbert Green, member of the House of Commons for Derby, who has offered £1,500,000 on behalf of an English syndicate.

**WINS NOMINATION**

NEWARK, N.J., Sept. 27.—United States Senator Joseph Frelinghuysen, friend of President Harding and one of the administration leaders in Congress, was nominated by the Republican caucus of New Jersey yesterday in a sweeping victory of more than two to one over George L. Record, a Jersey City lawyer.

**PASSENGER MEN COME IN REPLY TO CABLE**

LONDON, Sept. 27.—In response to a cable from the Canadian Minister of Immigration, Col. M. Brown, European manager for the Canadian Pacific Railway, with his chief passenger agents, and Odele Smith, Canadian Government Immigration Commissioner, will sail for Canada Thursday. Col. C. Amery, of the Board of Admiralty, who has long contemplated visiting Canada, will make the journey shortly.

**WAGES REDUCED**

Settlement Covers Seventy-Five Per Cent of the Men in English Railway Shops

LONDON, Sept. 27.—After a lengthy conference of representatives of the National Union of Railwaymen and the English railway companies in London, an agreement was reached similar to that recently reached in the case of the Scottish railways whereby the wages of railwaymen will be reduced by 10 shillings a week on October 1. Thereafter wages will be stabilized to the end of the year, and any further changes will be effected only by joint meetings of the parties concerned.

The settlement covers 75 per cent of the men employed in the railway shops of England and Wales.

**ETERNAL VIGILANCE TO FIGHT TRAFFIC**

Co-operation Between Municipal and Provincial Police Is Necessary to Stamp Out Trade in Drugs

OTTAWA, Sept. 27.—Co-operation between municipal, provincial and Federal police forces, the formation of special "dope" squads in larger cities and eternal vigilance are necessary to stamp out the drug traffic in Canada, according to Federal officials charged with enforcing the Opium and Narcotic Drug Act.

The law already provides stern punishment for dope traffickers, and deportation is provided. Canada has a careful system of checking legitimate imports and the distribution of the drug, but it leaves the hands of the importers, but, according to Federal officials, a certain amount of laxity and lack of co-operation between the different forces is a handicap to the effectual stamping out of the scourge.

Montreal is at present the worst center of the illicit drug traffic in Canada, according to E. W. Cowan, who is chief of the branch of the health department enforcing the laws.

**FORGETS TWO MILLION**

So Mr. Ford Must Have Neglected to Make a Tax Return, Assessment Commissioner Reasons

DETROIT, Mich., Sept. 27.—If Detroit forgot about a deposit of \$2,000,000 in a Windsor, Ont., bank, as was reported several days ago, it is quite certain that he has neglected to make a tax return on the deposit, an assessment commissioner charged with Windsor, reasoned, as he started an investigation of the manufacturer's cash balances across the border.

Mr. Ford owed the city of Windsor about \$5,000 in taxes.

**COMPLETES IMPORTANT TOPOGRAPHICAL WORK**

Mr. A. C. C. Sheppard Headed Party in Island Compendium Mapping Area for Geological Survey

Work which has been under way for the past two years by the Topographical Division of the Dominion Geological Survey in the Courtenay, Comox and Union Bay sections, has been completed and an area of over two hundred square miles in extent has been mapped. Mr. A. C. C. Sheppard, of the Topographical Branch, started yesterday, following his return from the Upland section.

At the head of a party of ten men, Mr. Sheppard has been mapping the coal-bearing area in that section, at times a difficult work, owing to the natural obstacles encountered. Two years ago a start was made in the general programme of work which the geological survey is to investigate the coal formations in the area, and Mr. Sheppard's duty was to secure the data for preparation of the topographical map, which he has done.

The work will prove of the first importance in the future development of the coal deposits of the section covered and is in line with the general programme of work which for years has been carried out in this province under the direction of the geological survey. There are two other parties on topographical work in the Upland section, and Mr. Sheppard stated, one in the Courtenay section and the other in the Union Bay section. In addition, there are parties engaged on geological survey work on the Mainland, one of which is operating in conjunction with the Provincial Department of Mines in investigating iron resources of the province. Mr. J. D. McKenzie is now in the Courtenay section engaged in geological survey work.

The serious forest fires this summer in the Comox section interfered considerably with the work of Mr. Sheppard's party, the heavy smoke posing a serious hindrance, though the party did not suffer any loss or damage.

**INVESTMENTS MAY FOLLOW VISIT OF PARLIAMENTARIANS**

BASKATON, Sask., Sept. 27.—The visit of the British Parliamentary party to Canada "will probably have a great effect on the sending of British capital to Canada in the near future," said the Earl of Strathford, who is visiting here with the Montreal Board of Trade party today.

"We have had an opportunity to see your wonderful country for ourselves and we are delighted with it," he said. "Although I am not able to make any statement as to the financial condition of the country, my impression is that things are looking up in Canada and that there is little reason to fear."

Ribbed All-Wool Golf Hosiery, in fancy heather mixtures, with silk embroidered clocks. Special at, per pair.....\$2.25

**EXPECT REPORT UPON MINE DISASTER SOON**

Likely Certain Recommendations Will Be Made by Investigator Into Accident at Cumberland

While the report of Mr. George Wilkerson, appointed by Hon. William Sloan, Minister of Mines, to investigate the recent mining disaster in a mine of the Canadian Collieries (Dunsmuir) Limited, near Cumberland, has not yet been received by the minister, it is expected it will be ready shortly. It is probable that it will contain some recommendations designed to add to mine safety, recommendations which will call for the issuance of new regulations. What these suggested changes will be is not known as yet.

On this subject of mine accidents there has been considerable comment in upland mining circles at the action of the Provincial Department of Mines in appointing Mr. Wilkerson as commissioner to investigate certain other accidents which have occurred in that area—accidents apart from the serious one in the Canadian Collieries mine.

This step, it is being argued in the coal mine area, is tantamount to a pronouncement by the department that its own officials, the chief inspectors of mines and the local mine inspectors, are not competent to investigate and report upon accidents, and that, therefore, such officials are being brought into disrepute.

Relative to this phase of the matter, Hon. William Sloan, Minister of Mines, stated yesterday that the department has every confidence in its officials. But the object in naming Mr. Wilkerson as a commissioner to make the investigation was for the purpose of securing independent opinion to the end that the fullest investigation may be made and the work of the department officials, as well as the general conditions under which the mines are being operated by the companies may be considered. If there is any blame attachable to the department's officials or to the companies—and the minister is not assuming there is—an independent inquiry will show it, he considers.

May Walsh, seven feet six inches tall, said to be the tallest woman in the world, died at Chicago recently from tuberculosis.

**GERMAN DENIAL TO REPORTED ALLIANCE**

BERLIN, Sept. 27.—The German Government has issued a denial of the reported negotiations for a Russo-Chinese-German alliance and stated that nothing is known of the alleged official mission of Paul Von Hintze, former German Foreign Secretary.

The latter informed the Foreign Office that he had conducted no such negotiations. He is reported to be engaged exclusively on economic affairs.

**Reduction in Assets**  
OTTAWA, Sept. 27.—A slight reduction in the assets and liabilities of chartered banks in Canada is shown by the bank statement for the month of August, issued yesterday by the Department of Finance. Assets of the Canadian banks for August were \$2,575,567,208, as against \$2,608,894,784 in July, and total liabilities were \$2,239,544,241 for August, as against \$2,332,050,053 in July. Both call and current loans outside of Canada showed a slight increase of the previous month, as did loans in Canada.

### NEAR EASTERN CRISIS

The Near Eastern crisis is but ten days old, yet events have marched rapidly, and there are prospects of attaining developments before anything like even a temporary solution is reached. A Turkish army, flushed with victory and not sufficiently held in leash by the discipline of leadership, is a weapon of dangerous potentiality on the shore of the Dardanelles. The neutral zone defined by the British has already been violated, but the circumstance being treated with the utmost caution, as it is realized that Kemal Pasha, the Nationalist leader, may not have complete control of his troops. The situation is fraught with many delicate possibilities, and the prospects of a settlement are not increased by the political crisis in Greece. One drawback in the progress of the negotiations designed to promote peace is that Greece has not been consulted in any sense about the terms of the settlement proposed.

The unrest in Greece is undoubtedly promoted by the Allied decision to restore Eastern Thrace to Turkey. Greece sees in the Turks proposed her place in the Balkans no longer a matter of benevolent concern to the Allied Powers. She has grave reasons to fear for the future, and the worst feature of all is that in the turmoil that has ensued her people have lost faith in their political and military leaders. Of the ultimate destiny of the Grecian people and their place in civilization in keeping with their traditions there can be no doubt, but the wheel of international fortune for the present has taken an unfavorable turn. According to the present outlook Greece bids fair to be the one of the Allies of the Great War which will emerge a loser in the final settlement. The internal situation in Greece seems likely to lead to the recall of M. Venizelos and the placing in his hands of a large measure of the duty of restoring political stability.

From the British standpoint the outstanding interest in the Greek political crisis is the effect it will have on the policy of Kemal Pasha and his army. The Government of Ankara may, not unreasonably, come to the conclusion that its military successes in Asia Minor are more far reaching in their effects on the Balkan situation than were first estimated. The development of affairs in the Balkans and the likelihood of continued encouragement from Russia in his adventures, may determine Kemal Pasha to make the immediate passage of his army across the Dardanelles a sine qua non to any peace settlement. His goal is, of course, Constantinople, where he wishes to set up a Government of his own so that he may negotiate with the Allies as representative of a Turkey in which fraternal strife has been quelled and a revolution successfully achieved.

The whole situation in the Near East remains fraught with menacing possibilities, which are not being cleared away with the rapidity anticipated during the last few days. There are so many interests involved in Asia Minor, so much danger of the peace of all Europe being again threatened by happenings in the Balkans, and so much uncertainty existing about the attitude of Russia, that diplomacy is faced with one of its heaviest tasks within recent times. It is the old diplomacy, not the new, which must be invoked where the Turks are concerned, and that is the policy being followed by Britain. Eventually, too, there must be evinced a more sympathetic attitude towards the fate of Greece, whose freedom and place in the Balkans in the past have been guaranteed by France and Britain. Greece needs protection in her present plight. She is entitled, too, to a place at any council table where the Turks and the Allies meet to adjust their differences.

### A LIBERAL CONVENTION

Many of the policies to be brought down at the coming session of the Provincial Legislature will, no doubt, be discussed at the Liberal Convention at Nelson during the next few days. Since the legislative session promises to be among the most interesting of the past few years, the proceedings at Nelson, so far as they are made public, will be followed with keen interest. The attitude of the Government followers has to be determined on the future of the Pacific Great Eastern Railway. The Legislature as a whole will expect that the Government itself will determine the policy to be followed in that regard, and it is clear that Premier Oliver and his colleagues are seeking inspiration.

Another matter of importance that can hardly fail to be raised at Nelson, as well as subsequently in the Legislature, is the policy governing Civil Service administration.

There is a good deal of dissatisfaction over the method of making appointments to the Provincial Service. No one pretends that the system of patronage has been abolished in Provincial affairs. On the contrary, there are many who maintain that it is more pronounced than ever, and that the existence of a Civil Service Commission is simply that he may act as a buffer between the Government and the shock of public opinion. There is even dissatisfaction within the Liberal ranks because the different associations claim that their right of nominating candidates for Government posts is being overlooked. From the standpoint of the Conservatives the whole system of a Civil Service Commission has only served to swell the costs of administration and thus lead to heavier taxation of the people.

The subject which should occupy the attention of the Nelson Convention is that dealing with land settlement in this Province and its corollary, namely, the encouragement of immigration. We have emphasized again and again that large sums are being wasted in the land settlement policy that is being pursued. The number of deserted homesteads in British Columbia is a reflection on any government, yet millions have been spent during the past six years with returns, in the shape of increased production and growth in population, that are altogether out of proportion. A revised policy of land settlement is needed involving smaller expenditures, and real, practical and sustained assistance to the settlers, and especially to those who are encouraged to face pioneering conditions. A new policy of truthfulness is also required whereby prospective settlers will be solemnly warned of any and all the handicaps which they will incur.

The Liberals have to formulate a policy of retrenchment in Provincial expenditures if they hope to retain public confidence. Taxation is stilling development, and the time has come for reductions. This is the outstanding problem in Provincial affairs. Unless taxation is reduced it is that feature of Provincial administration which more than anything else will lead to the downfall of the Liberal Government. Premier Oliver and his fellow Ministers, unless blinded with self confidence, will be the first to impress on the Liberal caucus the need of financial measures in an effort to restore the waning prestige of their cause in this Province. We recall a recent Budget Speech in our Legislature in which a policy of "economy and retrenchment" was urged on the people of British Columbia. The people are still awaiting the application of this advice to Provincial administration.

### OWNERS SATISFIED WITH PREMIER MINE

Stockholder Has Gone to Stewart to Inspect the Big Missouri, Now Being Worked Under Bond

Mr. R. W. Wood, Fernie, president of Premier Mines, Limited, the company which owns and operates the famous Premier Mine near Stewart, B. C., was in the city yesterday, staying at the Empress Hotel. He stated that there were no new developments in connection with the mine, merely pointing out that the property was giving himself and the other owners the greatest satisfaction. He had nothing to say regarding plans for the acquisition of other properties. Mr. W. R. Wilson, also of Fernie, one of the stockholders in the Premier company, left here a few days ago for Stewart to make an inspection of the workings at the Big Missouri Mine which is being operated under bond by related interests under charge of Harry Howson. Before leaving Victoria he said that whether or not the development of the property was proceeded with by himself and his associates would depend upon the report which would make known the results of his inspection, and he thought that the prospects were bright for a favorable report being given.

### GOVERNMENT OFFER ON RUPERT DRYDOCK

Will Settle for Fifty Cents on Dollar to Take Over for Department of Railways

VANCOUVER, Sept. 27.—An offer to settle with the creditors of the Prince Rupert drydock for \$150,000 and take over the utility for operation by the department of railways has been made on behalf of the Government by Mr. Alex. Johnston, Deputy Minister of Marine and Fisheries.

This offer is subject to formal ratification by the Cabinet, but as Mr. Johnston was sent out to clear up the affair, it is expected that this will be forthcoming and the long dispute ended.

**\$330,000 Claims**  
The creditors have claims against the drydock for about \$330,000. Mr. Johnston stated this morning. The Government's offer amounts, therefore, to about fifty cents on the dollar.

As the railway department is interested in the drydock, it will be turned over to it, Mr. Johnston stated. Tonight Mr. Johnston will return to Victoria to discuss with the Provincial Government the question of foreclosing jurisdiction. This has been the subject of dispute between the Federal and British Columbia Governments.

"I hope by means of a conference to be able to reach some mutually satisfactory arrangement with regard to this matter," he said.

### Accidentally Killed

PRINCE RUPERT, B.C., Sept. 27.—Walter Jaynes, of Terrace, met instant death today in the presence of his wife, when he slipped and fell, discharging a gun which he was carrying. The contents of the gun went through his heart.

## Letters to the Editor

No letter to the editor will be inserted except on the proper signature and address of the writer. This rule admits of no exceptions.

### Civic Affairs

Sir,—Now that the taxpayers are gradually coming into possession of their respective taxpayers, and being confronted with an unqualified increase from that of past years, (almost double in some cases), they are beginning to realize how badly "stung" they were when they rejoiced at the election of a majority of new members to the Council Board. Many, myself among the rest, looked forward with some little hope of changes to the better management and government of civic affairs, but, alas, how different is the result! In every quarter of the city the cry of "highway robbery," "brutal, criminal coercion and oppression of the unfortunate taxpayer," is heard in accents made all the more pitiable coming from the poor little home-owner struggling to keep the little home together and make ends meet. We feel that this latest turn of the oppressive screw will be the cause of many throwing up the sponge and allowing all they hold dear, the result of many years of toil and struggle, to be needlessly taken from them.

How long are the taxpayers going to stand for this licensed robbery, is the question that confronts the property owners of Victoria and just what course is best for them to pursue in the premises? Many practical suggestions have been made looking towards retrenchment in all the civic departments, as well as the general public, to which no head seems to have been taken, and those responsible have just kept on tightening the screws until they have reached the breaking point. Four years have already passed over our heads since the signing of the armistice, by which time it was generally expected that matters pertaining to everyday life would have gradually settled down to normal again, but instead of this we find things have been growing worse and worse every year, with the villain still purring and the bloodhounds growing hotter and more determined in the chase. What are the people to do? With the inevitable staring of the face, there are but two courses for the taxpayer to take, which are, either to refuse to pay taxes any further, or to sell for whatever can be got for the land and seek new fields and pastures more green. The latter is what hundreds are doing, and a visit to some of the customs brokerages, where numbers of stalwart British subjects are awaiting the making out of the passport papers for different parts of the United States, will give evidence of this. In a conversation with one of these one day the writer put the question of loyalty to them, to which the reply came, that they were not leaving without sorrow and regret, that if it were possible they would rather live in the land of their birth and under the British flag, "but what are we to do? We cannot live in Victoria, and across the line is the nearest and easiest of access and the place where we will be most likely to make a decent living when we get there. Loyalty to one's country is good, provided, of course, that all other things are equal, but we must first be loyal to our wives and little ones, to whom before Almighty God we have pledged our troth to support and comfort—this is our first duty, and we are going while the going is good."

All this is going on in the very face of the fact that our legislators, both Federal and Provincial, are working themselves up to a white heat and the boiling-over point, and sending out their globe trotters, at the expense of the taxpayer, in an effort to induce settlers to come to this country. While the same thing is going on in civic affairs, they are reaching out for the "gnat," while they are allowing things of much more vital importance to slip away from us. Would it not be wisdom on the part of the government to devote at least some of their extravagant expenditure of money and effort in the promotion of something that would tend to keep with those tried and true Britishers whom we already have in our midst, remembering, of course, "that the bird in the hand is worth two in the bush."

A little care and retrenchment along legitimate and possible lines at the proper time, as suggested in the columns of your paper from time to time, not only by your own writers, but also by many of your wide-awake correspondents, would no doubt have gone far towards staying off the inevitable and given the taxpayers and others a degree of confidence in the future of the city which is different from conditions at present. The following is an extract from a letter written to your paper a few months ago:

"If the city will practice that rigid economy which it is both practical and possible for it to do, it will avoid the necessity of either raising rates or assessment or forcing the poor people's homes into tax sale. The following is but a rough estimate of what may be achieved in the way of saving: Public school requisition, \$175,000; reduced to \$125,000, saving \$50,000; grant extraordinary expenses School Board, \$2,000; Victoria Day celebration grant, \$2,000; deputation's trip to Winnipeg, \$1,000; saving of bank interest on overdraft, \$150,000; interest on advance tax payments, say, \$150,000; other usual miscellaneous appropriations, \$50,000. Approximate total annual saving of \$502,000."

This saving, together with a possible saving in other civic departments, would very soon place the city on a better footing, and obviate the necessity of holding the city up to ridicule by the obnoxious threat of bringing the people's home under the auctioneer's hammer should the city fail to come through in a given time.

As taxpayers we are deserving of better treatment by our hirings, let us advocate the holding of a meeting and get together, and I will guarantee we will soon end this trouble. The inevitable is staring us in the face; let us take the bull by the horns and have done with it. It is always the last straw that breaks the camel's back. The attempt on the part of the men that we placed our trust in at the time to conduct our business faithfully and economically, to follow in the footsteps of the heroes across the Bay by doubling up their own salaries at a time when it can be least afforded, sounds too

much like the thief, with both hands up, crying, "catch the thief, catch the thief!"

The people's confidence and patience is well nigh exhausted in the hope of getting honorable and beneficial service from officialdom. The electorate expected and looked for a change for the better when they elected a majority of fresh men to the Council Board, but judging by the way we have all been stung, we must have been handed a serpent instead of a dove, from which, good Lord, save us.

W. M. WILSON

September 25, 1922.

## WILL CELEBRATE WORK OF LUTHER

LUTHERAN CHURCHES WILL OBSERVE FOURTH CENTENNIAL

Translation of New Testament into Vernacular Language of Time Great Protestant Task

The fourth centennial of the translation of the New Testament into the language of the masses of the people will be celebrated by Lutheran churches throughout the country, and by all Protestant churches to a lesser extent, this week. It was on September 21, 1522, that Martin Luther first brought from the press of Wittenberg, Germany, his translation of the New Testament from the original Greek into his Saxon dialect, which through this event developed into the modern High German language. This huge task of Luther's, accomplished for nearly 150 years, played a very important part in the Protestant Reformation. It was the first time that the New Testament appeared without omissions and in a direct translation from the original Greek.

Previous to Luther's translation of the Testament, there had been numerous vernacular translations, but all of them were taken from the Latin Vulgate, the official Bible of the Catholic Church. Luther's work has the distinction of being the first translation of the New Testament in general use from the original Greek, in which the New Testament was written.

### Luther in Hiding

When Luther was forced to seek refuge from Worms, his friends took him to Eisenach and concealed him in the Wartburg Castle. In this ancient and imposing fortress he remained for the next year, during which time he translated the Bible into the German language. To find relief from mental depression, from which he so often suffered, he became absorbed in work, and among his writings were "devotional tracts, popular sermons, Scripture expositions, and polemic pamphlets." But the most significant product of his labors was his translation of the New Testament, completed in less than three months. It was rushed to the press—fortunately the printing press had been invented for the Reformation—and on September 21, 1522, appeared the first edition. It was now possible for the common man to get possession of God's Word, and read it in his own tongue.

While the New Testament was in the hands of the printer, Luther began his translation of the Old Testament, assisted by his friends, Melchior Gessner, Jonas Cruicker, Augullius, and Spalatin. In 1524, about two-thirds of the Old Testament had been rendered into German, but owing to the stress of enemy duties, the translation had to be laid aside until 1532. In 1534 the entire Bible was issued in German, and the book was sold at a low price making it possible for every family to have a copy.

### Eagerly Received

Despite the difficulties of the early days of the newly invented printing press, Luther's authorized printer at Wittenberg sold 100,000 copies of the Bible in forty years—from 1520 to 1574. This was more than any other book issue up to that time, and in fact for more than two centuries following.

Luther was not the first to render the Bible into German. Vernacular translations were prevalent, but there was a vast difference between his translation and these earlier ones. They were written in Latin, and based on the Latin Vulgate. Luther translated the New Testament from the original Greek and the Old Testament from the Hebrew into his own Saxon dialect. He created the modern High German language and gave to the world an open Bible.

Other translations of the New Testament of the Bible into modern languages quickly followed upon Luther's. Hans Mikkelsen published a New Testament in Danish in 1524; Christen Andersen, in 1527; Laurentius Andreæ issued a New Testament in Swedish in 1526; Olavus Petri, the whole Bible, in 1541. A Dutch version of the New Testament appeared in 1526, an Icelandic in 1540, a Polish in 1551, an Italian in 1543, a Finnish, etc., in short order. All of these were based upon Luther's monumental work.

### Luther and Tyndale

The first translation of the New Testament in England did not appear until 1525. William Tyndale, an English tutor, was responsible for this work, prepared at Worms following his declaration that the Bible should be placed in the hands of every ploughboy in England, who he said, would soon know it better than the priests. Following the English edition of the New Testament, the Hebrew Testament, but his work was hampered by constant persecution by agents of the king and pope who made available to the common people. It was Henry VIII, who kept Tyndale in an English dungeon for eighteen months, for following his capture by the king and pope, who made available to the common people. It was Henry VIII, who kept Tyndale in an English dungeon for eighteen months, for following his capture by the king and pope, who made available to the common people. It was Henry VIII, who kept Tyndale in an English dungeon for eighteen months, for following his capture by the king and pope, who made available to the common people.

## CURIOUS POSITION IN NEWPORT CONTEST

Neither Liberal or Conservative Candidate Will Run as Coalitionist to Secure Safe Seat

LONDON, Sept. 27.—The position in the impending by-election in Newport through the death of Lewis Huxham, M. P., is rather curious. The seat has been held by a Coalition Liberal, Lyndon Moore, has been nominated for the vacant seat by the local Liberal association, which is predominantly Coalition. The Conservatives are putting forward Reginald Clary, and the Laborites have nominated the Secretary Bowen of the Postal Union. Neither Liberal nor the Conservative candidate desire to be known as a Coalitionist, although each is aspiring to election in a constituency regarded as favorable to the Coalition Government.

The Marquis of Fitchfield will probably contest Newark for the Conservatives in the general election, the place of Colonel D. H. Hacking, the present Coalition-Unionist member of the House of Commons for the Chertsey division of Lancashire. It is understood that Colonel Hacking, who has been parliamentary private secretary to Sir James Craig, M. P., at the ministry of pensions and admiralty since 1920, will be unable to find time to contest the extended division.

### SEND THREE THOUSAND MEN FROM ALDERSHOT

ALDERSHOT, Eng., Sept. 27.—Nearly 3,000 soldiers of all ranks left here today for embarkation to the Near East.

### Visit Prince Rupert

PRINCE RUPERT, B.C., Sept. 27.—J. Rodd, superintendent of fish culture for the Department of Marine and Fisheries, is here from Ottawa. He is inspecting the various hatcheries at Babine and Rivers Inlet.

### Eight-Hour Law at Sea

HAVRE, Sept. 27.—The officers of the French liner Rochambeau, which is due to sail October 10 for New York, were notified today that the new eight-hour law would be applied to the vessel. The dock hands and stewards immediately left the ship. It is believed the engineers will follow this example, although they are not affected by the new regulation.

### FIFTY YEARS AGO TODAY

(From The Daily British Colonist of September 28, 1872.)  
Early Copyright Trouble—The Canadian Copyright Act of last session, which the Governor-General saw fit to reserve for the consideration of Her Majesty, has been disallowed by the Imperial Government, not on the merits of the Act itself, but on account of the incompetency of the Canadian Parliament to deal with the question involved in the measure in the manner therein set forth. We (The British Colonist) believe that the Government have received an intimation that if the same or some similar Act be again passed by our Parliament, the Imperial Government will introduce a measure to give effect to its provisions. The British publishers are up to the eyes against the enactment, and it is now in the hands of the Imperial Government as to whether the measure will be passed by our Parliament, and we may then expect that the matter will be placed before the Imperial Parliament.

Two Cents a Pound Would Bring Home the Name Today. However, shipped back several tons of Chicago beans were shipped back to San Francisco today. It was considered here and there paid upon it three months ago when beans were ten cents a pound at San Francisco. Lately the price below has risen up and it will not yield a profit in the market after duty has again been paid upon it there.

Curse's voice was broadcast by DeForest in New York in 1909.

**OBITUARY**

**BRINKMAN**—The funeral of the late Mr. Martin Brinkman took place yesterday afternoon from the R. C. Funeral Chapel, the Rev. R. Connell officiating. There was a very large attendance of relatives and friends, and many floral offerings covered the casket. Two hymns were sung, "Nearer, My God, to Thee," and "Lead, Kindly Light." The following members of the Carmen's Union, acted as pallbearers: Messrs. J. Howcroft, F. W. Walter, E. E. Blake, V. W. Dempsey, A. W. Plowman and J. P. Torrance. Interment was made in Ross Bay Cemetery.

**DAVY**—Funeral services over the remains of the late Mr. John Davy took place yesterday afternoon at the E. C. Funeral Chapel. The Rev. R. Connell officiated in the presence of a large gathering of friends. During the service the congregation sang the hymns "Rock of Ages" and "Forever With the Lord." Many beautiful floral tributes covered the casket and hearse. The British Camp followers were represented by Capt. Gordon Smith and others. There was also a delegation from the Sons of England. At the graveside the Masonic service was conducted by Worshipful Master C. Nickerson, of Victoria Columbia Lodge, No. 1, A. F. & A. M. The following acted as pallbearers: Rt. Worshipful Bro. A. A. Belbeck, Wor. Bros. T. W. Crocker and D. Fowler, Bros. S. Homer, F. R. Lovell and Wm. Henry. Interment was made in Ross Bay Cemetery.

**SMITH**—The funeral of the late Alice Mildred Smith, who passed away on Saturday evening, Sept. 23, at the family residence, 116 Mendocino Street, took place on Wednesday afternoon from the above address. Service was conducted by Rev. W. L. Clay, D.D., at 2:30 o'clock, during which one of Miss Smith's favorite hymns, "Safe in the Arms of Jesus," was sung. Mrs. A. Butler also sang.

very feelingly, "His Wipes the Tear From Every Eye." The many beautiful flowers were a silent tribute from her many friends. Three brothers, Reginald, Earl and Hedley, with Dr. Collier, A. Luck and A. Thorburn, acted as pallbearers. The remains were laid to rest in Ross Bay Cemetery.

**HEAL**—The remains of Baby Heal are reposing at the B. C. Funeral Chapel and will be removed this morning to the residence of his grandparents, Mr. and Mrs. Walter Heal, of Royal Oak, whence the funeral will take place on Friday afternoon at 2:30, proceeding to St. Michael's Church, where service will be conducted at 2:45.

**MEN REFUSE AWARD; GAS COMPANY CLOSES**

LONDON, Sept. 27.—Contending that industry cannot be stopped at the whim of an individual, an Ebbw Vale gas company announces its intention of taking out the furnace, thereby preventing the resumption of work. The company asserts that the men have broken engagements, refusing to accept an arbitration award. The gas supply in the town has been stopped, wholesalers have ceased to supply traders with goods on credit, and the authorities are preparing to feed the school children.

**GUNNING FOR HUSBAND BUT KILLED BYSTANDER**

OKLAHOMA CITY, Okla., Sept. 27.—Mrs. J. C. Tolbert, who shot and killed Matt Green, an innocent bystander Monday, when she went gunning for her husband, was exonerated last night by a coroner's jury which held the killing accidental and that Mrs. Tolbert was justified in trying to end the existence of her husband. He had sent her to the hospital with a broken rib as the result of a beating, she said.

**Much Business for Coming Convention**

City Council Laying Nineteen Recommendations Before Union of British Columbia Municipalities at Meeting Next Month—Mayor Has Own Resolutions to Offer

Victoria is placing a record number of proposals before the convention of the Union of B.C. Municipalities this year. The City Council has authorized the sending forward of nineteen recommendations, while Mayor Marchant will personally fight for the passage of four resolutions which the City Council has refused to endorse, but which he will place before the convention at Kamloops.

City Solicitor Pringle has drawn up the Council's list of recommendations and sent them forward, while the Mayor has drafted his list also, and is sending it ahead.

The City Council's proposals are as follows:

1. That Section 215 of the Municipal Act be amended so as to require the assessor to return his assessment roll in each year completed to the clerk of the municipal council not later than the 15th day of August in each year.

2. That Subsection 8 of Section 219 of the Municipal Act be amended so as to require the Court of Revision to hold its first sitting on the first day of October in each year, and to complete and authenticate the roll for the succeeding year not later than the 30th day of November in each year.

3. That general taxes be paid not later than the 30th June in each year, provided, however, that this date be arrived at by easy stages and come into full force and effect not later than the 30th day of June, 1927.

4. (a) That legislation be asked for enabling the Council to provide by by-law or resolution, for periodic payments of taxes, and that such periods be not less than one month.

(b) That this legislation should provide for penalties upon unpaid taxes of one per cent per month from due date thereof upon so much of the said taxes as remain unpaid until the 31st day of December of the current year in which the said taxes become due and payable, and that interest at the rate of eight per cent per annum should be charged upon that portion of the said taxes remaining unpaid from and after the said 31st day of December in the current year until the date of tax sale, but that provision should also be made for remission of all penalties in respect of taxes due in any current year upon payment of the full amount of the current year's taxes on the 30th day of June in such year.

(c) That the existing penalty of 8 per cent on general taxes should be repealed.

**Plan for Larger Districts**  
 5. (a) That the Provincial Government be invited to formulate a plan providing for wide districts embracing, when necessary, several municipalities, for the administration of the following expenditure utilities: 1, administration of justice (police); 2, health; 3, education; 4, water; 5, sewerage; 6, cemeteries; 7, relief of the poor.

(b) That a reasonable portion of the receipts from the Provincial Income tax should be set aside and used for the purposes stated in the foregoing paragraph (a).

6. That domicile of those entitled to relief from the municipal treasury should be definitely defined, and that residence for one year within the municipality should be the minimum of requirements.

7. That the term for the office of Mayor, when elected, shall be for a longer period than one year.

8. That lands set apart by by-law for school and for park purposes shall not be sold or disposed of unless and until (a) such sale or disposal has been confirmed by a three-fifths majority of the ratepayers in the manor provided by Section 172 of the Municipal Act.

9. If the principle of exemption from taxation on church sites is recognized and continued, that the area of the church site to be exempted should be clearly defined by statute.

(The City of Victoria has recommended that an additional ten feet of land outside the area which falls within the eaves of the church building be included in the term "church site," and that the exemption, if continued, shall be applied to any building used solely for religious work and worship.)

10. That the Legislature be asked for powers enabling a municipal council to regulate the building lines and the distance of same from the street in connection with the construction of any or all buildings or erections of any kind within the city.

**Billboard Control**  
 11. That the Council should be enabled to impose taxation to any extent on billboards, hoardings, or upon the advertising on same, or upon both, including powers to regulate and license and prohibit the same.

12. That legislation be asked for removing the exemption from taxation on private hospitals.

13. That the municipalities of the Province should receive an income tax, and that such tax should be imposed and collected by the Provincial Government in the form of an increased tax levy, which would be divided in an equitable manner among the municipalities of the Province.

14. That power should be obtained by the municipalities to assess rental values for the purpose of taxation, and to levy taxes thereon according to the assessed value to be arrived at on some basis to be determined, and not to be applicable to premises used or occupied solely for the purpose of a private dwelling house, private residence, or as an apartment, tenement or private lodging house, such tax not to exceed 10 per cent of rental value.

15. That legislative powers be requested enabling the Council to impose taxation upon amusements equal

to the amount already imposed by the Provincial Government.

16. That the Council should ask for power to impose a tax of \$5.00 per annum upon every horse using the city streets.

17. That the Legislature be asked to repeal Section 2 of the Municipal Amendment Act, 1921 (Second Session) relating to advertising of reversion lands for sale, or to amend the said section making it apply only to municipalities with a population of less than 10,000.

**Unemployment**  
 18. That in the opinion of this Council, the unemployment problem can only be satisfactorily solved by the co-ordinated efforts of the Federal, Provincial and municipal authorities, and that no plan is likely to prove effective which ignores Federal responsibility for the civil re-establishment of ex-service men; Provincial responsibility for all single men and married men without dependents, and all married men with families who have not for twelve months been bona fide residents of an organized district; and municipal responsibility for bona fide citizens with dependents who are registered upon the Municipal Voters' List.

19. That all public works performed for relief of unemployment should be socially useful and adequately remunerative in order that the taxpayer may receive full value for public expenditures and in order that unemployed citizens may receive every incentive to use all diligence in making suitable provision for themselves and their families; and that the cost of all public works projected for relief of unemployment should be computed at full trade unit wages under normal conditions, and the estimated cost thus determined should constitute the contract price at which the work is performed by groups of unemployed men.

**Mayor's Resolutions**  
 The resolutions to be submitted by the Mayor are as follows:

1. That all expenditures requiring the borrowing of money, except for current requirements, shall receive the approval of the ratepayers in the ordinary manner provided by Sec. 172 of the Municipal Act relating to money by-laws.

2. That the Municipal Voters' List shall consist of those persons entitled to vote for the election of members to the Provincial Legislature and shall be compiled by the Provincial Government, provided that the municipality shall compile at its own expense, a list of voters entitled to vote on money by-laws.

3. That the Legislature be requested to establish a Local Government Board. The powers and functions of such board to be (inter alia) as follows:

a. To provide for the holding of a public inquiry into all municipal borrowings, except for the purpose of borrowing for current expenditure as now provided in the Municipal Act, such public inquiry to include:

1. The purpose for which the loan is required.

2. Rate of interest.

3. Length of loan.

4. Estimated length of life of the improvements or utilities to be made or acquired by the proceeds of such loan.

5. The rate to be charged upon the general taxpayers.

6. The rate to be charged to the owners of land contiguous to any improvements made or utility acquired.

7. Generally to investigate all and every matter incidental to the said loan.

The report of the investigation to be made publicly and published in a suitable manner for the information of the citizens of the municipality concerned.

8. To gather such information and give such advice as may be found necessary regarding the framing of by-laws for the proper administration of municipal affairs.

9. The standardization and improvement of the civil service of the municipalities.

10. To define and establish municipal boundaries and school districts.

11. The approval of the proposed location of roads or streets terminating in an adjoining municipality or organized district.

## The New Season's Coats Are Wrappy and Fur Trimmed

IN coats for Fall and Winter the wrap-like lines are great favorites. If there is a waist line at all it is inclined to be low, and sleeves are decidedly eccentric. Fabrics are more soft and luxurious than ever before, and except in the case of strictly tailored coats cosy collars and cuffs of fur are the rule. Prices are from as low as

## Family Washing 5c

Less than the cost of a single bar of laundry soap is the cost of current consumed by an electric washer doing the average family weekly wash. Or even compared with the cost of starch and blueing and washing soda, the power that drives the washer becomes the least expensive part of the whole operation. Electric current is cheap. Use more of it to lighten the burden of house-keeping and add to the comfort and enjoyment of home life.

## Social & Personal

Mr. C. H. S. Eaton, of Toronto, is a recent arrival in Victoria.

Mrs. W. Wagg, of Keriadale, Vancouver, is among the Mainland visitors to the capital.

Visiting her daughter, Mrs. A. E. Greenwood, of this city, is Mrs. James Irvine, of Vancouver.

Mr. and Mrs. A. Howard-Gibbon are receiving congratulations on the birth of a son at St. Joseph's Hospital on September 25.

Mrs. George Simpson, of James Bay, has as her guest her aunt, Mrs. Ernest A. Leigh, of San Francisco.

Mr. and Mrs. C. R. Dunford, of Pukington Street, have as their guests their son and daughter-in-law, Mr. and Mrs. Hartley Dunford, of Wolsley, Sask.

Inspector Shobotham, of the R.C. M.P., returned to the capital yesterday after taking command in Vancouver during the absence of Assistant Commissioner Wroughton.

Mr. and Mrs. Charles Reine, who have been the house guests of Mrs. M. E. Carr, Harriet Road, left on yesterday afternoon's boat for their home in Vancouver.

On Monday evening Mr. J. M. Savage entertained at dinner in honor of his daughter, Miss Nanton and Mr. E. W. Beatty, Mr. and Mrs. Savage left on Tuesday for an extended visit to Montreal.

Mr. Lowder, Sr., and Major and Mrs. H. G. Lowder are leaving for Shanghai today. Major and Mrs. Lowder will be accompanied by their children, and have been spending a year's furlough in this city.

Mr. W. Longwell, of Prince Rupert, is in the city for a day or two. A member of the sheet metal firm of Steen & Longwell in the northern city, he is here in connection with some contacts with which his firm is connected.

Mr. Ralfour Strath and Mr. Arthur Webster, of Victoria, left on Sunday for Portland, where they will resume their studies at the Portland Dental College. They are both well known in local athletic circles.

Mr. Harry Cordeux, Governor of the Bermudas, arrived back in the city yesterday after a fishing trip to Up-Island points in company with Lady Cordeux. They visited Cowichan and Great Central Lakes. The visitors, who are guests at the Empress Hotel, will be returning East in a few days.

In a Toronto paper there appeared recently the following announcement: "Mr. and Mrs. A. Snider, of Toronto, announce the engagement of their granddaughter, Alma Constance Snider, to Capt. Leas Baden-Powell, only son of Sir Gen. Robert A. Baden-Powell. The marriage will take place in October." Miss Constance Snider has relatives living in Victoria.

On Tuesday afternoon Mrs. Ernest Greenwood held her first reception since her marriage at her home on Hilda Street, and was assisted in receiving her guests by her mother, Mrs. Irvine, of Vancouver, and by Mrs. A. E. Greenwood. The tea table was presided over by Mrs. Cusack, Mrs. Patterson, Mrs. Litchfield and Mrs. Cudlip. Roses, pink chrysanthemums and autumn foliage formed the charming decorations in the rooms.

The beautiful home of Mrs. A. E. Kent, Linden Avenue, was thrown open yesterday afternoon for the second of a series of silver teas being given by members of the Rebekah Lodge. The large drawing-room was most artistically decorated with roses, while the dining-room was adorned with blue roses and lilies. The tea table was covered with the hand-drawn cloth, which was the work of Mrs. Wallace Whidden, and was first prize at the recent exhibition. Autumn flowers and fruit were effectively employed in the library, and Mrs. Randall foretold "fortunes" in the conservatory. Among those who took part in the musical programme were Mrs. Wallace Whidden, Miss Tilly Grant, Mrs. Vera Page and Miss Tripp, their selections being enthusiastically received by the many guests who were present, numbering about eighty. Mrs. W. Jackson presided at the coffee urn, and Mrs. Kellam at the tea urn. Assisting the hostess in receiving the guests were Miss Maryfield, Miss McCann, Miss Margaret Stewart, and Mrs. Robert Livingston attended the door.

**JAMES ISLAND**  
Mrs. H. Burrows entertained a few friends to tea last Monday.

Mrs. Cockshott, of Duncan, is visiting Mrs. T. Whalen.

Mr. and Mrs. A. J. Dakin entertained a few friends at bridge last Saturday evening.

Mr. K. Cowper, of Victoria, was the guest of Mr. and Mrs. W. G. Sinclair last week-end.

Mr. and Mrs. J. Bowker entertained a few friends at a very enjoyable picnic last Sunday afternoon.

Mr. and Mrs. T. Robb have returned home from Duncan, Mr. Robb having been called there on account of the illness of his brother George, a former resident of James Island.

The dance which was held last Saturday in the Assembly Hall was a most enjoyable affair, and proved a decided success. Excellent music was supplied by the local orchestra, Miss D. Bowker, piano; Mr. E. Rivers, drums, and Mr. D. Lake, saxophone.

Mr. D. S. Pagan, of Victoria, secretary of the Canadian Collieries, Ltd., arrived in town on Monday.

Mr. J. Cooke, Mr. W. Merrifield and Mr. C. Grant returned on Sunday from a hunting trip to Denman Island.

Mrs. J. R. Brown returned from Victoria on Monday, accompanied by her mother, Mrs. MacDonald, who is still very ill.

Mr. C. Baker, cashier of the Canadian Collieries, arrived in town on Monday, and left on Wednesday for Victoria.

On Friday evening a very enjoyable social was held in the Church of England hall for the purpose of meeting the new members. A very little business discussion the rest of the evening was spent in bridge and what, followed by refreshments.

The Women's Auxiliary to the Cumberland General Hospital, held its first meeting this season on Friday afternoon. Discussion took place as to whether it should hold a day or not. It was decided to hold one, and the date was set for October 21.

Grand Chief of Pythian Sisters, Mrs. Tremback, of Roseland, and Mrs. Davies, of North Vancouver, Grand

phone. Mr. K. Cowper, of Victoria, kindly played the strings.

A jolly crowd of young people gave a party last Wednesday evening. Dancing was enjoyed to music supplied by the local orchestra.

The following guests were present: Miss M. Morrison, Mr. and Mrs. G. Oscar, Mr. and Mrs. D. Gould, Mr. and Mrs. J. Bowker and Miss Bowker, Mr. and Mrs. W. Thomas and Miss Thomas, Mr. W. Lake and Mr. D. Lake. Refreshments were served by the hostess, which brought to a close a most delightful evening.

**NANAIMO**  
Messrs. A. E. Filmer, Percy Cowman, Dr. McPhee and Harvey Murphy have returned from an extended motor trip to Pendleton, Ore.

Mr. and Mrs. C. L. Cole, of Los Angeles, are visiting Mrs. Cole's parents, Mr. and Mrs. Chas. Hawkinson, Lubbock Square, for a few days.

Last night saw an attendance of eighty at the G. V. Y. A. whist drive with the following results: Ladies, first, Mrs. C. Marsh; second, Mrs. J. Patterson; third, Mrs. Graham. Gentlemen, first, Mr. R. Little; second, Mr. N. Frost; third, Mr. J. Hill.

Mr. T. B. Booth, member of the Provincial executive of the British Columbia Liberal Association, and Mr. S. Woodcock, president of the Nanaimo Liberal Association, left yesterday for Nelson to attend the Provincial Liberal convention being held there Thursday and Friday this week.

Mr. Len Ross, a well-known cameraman of Los Angeles, is in the city, the guest of Mr. J. A. Cooper, manager of the Dominion Theatre. Mr. Cooper is making arrangements with Mr. Ross to film some local scenes and also to take several reels of local people and artists taking part in a play now being planned.

**SIDNEY**  
Miss Edith Forrest, of Cowichan, is visiting her cousin, Mrs. A. Gray, at her home at Roberts Bay.

Miss Patti Simlar has gone to Victoria to be the relief telephone operator at the Empress Hotel while Miss Ellis is on her holidays.

Dr. Robert Collier, a Victoria chiropractor, is coming to Sidney next week, and will be at Beach House three nights each week, where he will receive those who may wish to consult him.

Among the guests registered at Beach House during the past week were Mrs. N. Klesinger and Master Jacob Klesinger, of Mount Vernon, Wash.; Mrs. Ella Willett, of Kingman, Kan.; Mr. J. Jenkins and Mr. and Mrs. E. W. Jerber, of Seattle; Mr. and Mrs. W. Carmichael, of Portland, Ore., and Mr. and Mrs. S. J. McGregor, of Victoria.

**CHEMANUS**  
Mrs. John R. Robinson, Sr., is visiting in Victoria.

Mr. Noel Lang, local station agent, who has been taking his annual holiday, has returned to work this week.

Mrs. Robinson, of Victoria, is the guest of her nephew and niece, Mr. and Mrs. J. Russell Robinson.

Mr. and Mrs. Cyril Firth and infant have returned to Nanaimo after spending two weeks in Chemainus.

May Robinson, the little daughter of Mr. and Mrs. J. Russell Robinson, is making good progress towards recovery from an operation performed last Friday in the local hospital.

Mrs. T. D. Conway, of Vancouver, who has been visiting old friends in the district, was recalled to Vancouver on Monday owing to her daughter, Mrs. Robert Allan, being ill in that city.

**CUMBERLAND**  
Miss Amy Dallas left on Tuesday for Vancouver.

Mr. Garishee, of Everett, Wash., is in town on business.

Mrs. Hurst, of Parkville, is visiting Mrs. Trean.

Mr. W. Milligan is visiting his parents in Vancouver.

Mr. A. Cairns and Mr. A. MacAdam left on Tuesday for Coleman, B.C.

Miss L. Robertson returned on Tuesday from Vancouver and Seattle.

Mr. Jack Monahan is on a short visit to Vancouver.

Mr. and Mrs. W. Hutton returned on Saturday from New Westminster and Victoria.

Miss M. Mounica, of Vancouver, spent the week-end with Miss M. Tardell.

Mr. W. Merrifield and Mr. De Couer left on Tuesday for Hornby Island on a hunting expedition.

Mr. D. S. Pagan, of Victoria, secretary of the Canadian Collieries, Ltd., arrived in town on Monday.

Mistress of Records, on Wednesday paid an official visit to Benevolent Temple No. 9, of this place. Mrs. J. Thomson, president of the lodge here, held a reception for them at her residence on Third Street. Mrs. Tremback and Mrs. Davis left for their homes on Friday.

The Rebekah Lodge held a very enjoyable whist drive and dance on Monday evening in the G.V.Y.A. hall. A celery dish, the first prize for ladies, was won by Miss J. Balagno. The second prize was won by Mrs. Whitehouse. The men's first prize, a tie rack, was won by Mrs. W. Brown, taking a man's part, and consolation by Mr. T. Rickson. Dancing was held for the remaining part of the evening and refreshments were served.

## HANDING FUNDS TO JUBILEE HOSPITAL

Woman's Auxiliary at Meeting Yesterday Voted \$8,000 to Assist Building Operations

The Woman's Auxiliary to Provincial Jubilee Hospital, at its meeting yesterday, on motion, agreed to advance to the board of directors the balance of the sum remaining to the credit of the account of the maternity ward fund, amounting to \$4,000, to further the immediate need of the building committee; bonds to be given as security until such time as the cash is needed for the maternity ward in the new hospital. Up to date the Woman's Auxiliary has fully equipped and paid for all furniture and supplies needed in the present maternity ward and has a small balance still remaining to continue this work. It will be remembered that this fund was inaugurated in 1901 in memory of "Victoria the Good," the first cheque of \$50 being contributed by a bachelor.

It was decided to hold the first of the sewing days on Wednesday, October 4, at 2 o'clock in the Nurses' Home. The sewing committee will be glad to welcome anyone who feels inclined to come, bringing their needles and thimbles with them. The following ladies paid dues and donations: Mrs. Patterson, \$4; Mrs. John Sampson, \$2; Mrs. Sylvester, \$2; Mrs. C. A. Holland, \$2; Miss Louisa Meyer, \$2; Mrs. William C. Todd, \$10; Mrs. Vaughan Roberts, \$2; and Mrs. James Forman, \$2.

The silver previously ordered for the tray service having arrived was inspected and the auxiliary expressed its approval of same.

## WEDDINGS

### Bridges-Birch

A marriage took place yesterday at 12 noon at St. Mark's Church, Bole- skine Road, when Miss Lily Birch became the bride of Mr. William Bridges. The bride, who entered the church on the arm of her brother-in-law, Mr. Lake, was prettily attired in white-crepe de Chine, trimmed with silk fringe, and pink georgette hat, and was attended by her sister, Miss Jolly Birch, who wore a white dress and a navy blue taffeta dress with hat to match. Mr. I. Stephen was the groomsmen. Rev. Mr. Hitchcock officiated at the ceremony, following which a reception was held at the home of Mrs. Bridges, Cloverdale Avenue, where the rooms were most artistically decorated with flowers.

### Berry-Sibbald

Yesterday morning at 9 o'clock a marriage was quietly solemnized at the home of the bride, when the Rev. Mr. McMillin united Margaret Beal, youngest daughter of Mr. and Mrs. Alec Sibbald, 1142 Topaz Avenue, and Mr. Richard Berry, youngest son of Mr. and Mrs. J. B. Berry, of Tennyson Avenue. The bride, who was given in marriage by her father, looked very smart in a brown broad-cloth suit with hat to match, carrying a showy bouquet of Opheelia roses and greenery, while the bridesmaid, Miss Mary Sibbald, was becomingly dressed in a brown crepe de Chine frock with hat to match, and carried a showy bouquet of pale pink carnations. The groom was supported by Mr. Edward Bedford. Following the marriage service a wedding breakfast was served, at which a color scheme of pink and white was effectively carried out. Mr. and Mrs. Berry left on the Prince Rupert at 11 o'clock for a trip to Seattle and Portland, and on their return will reside in Victoria on Scott Street.

## WOMEN'S AUXILIARY ACTIVE IN GOOD WORK

Reports on Enterprises to Aid Returned Men and Plans Laid For the Future.

At the regular meeting of the Women's Auxiliary to the G.V.Y.A. held in the clubrooms, Easton Street, with Mrs. Cave in the chair, various reports were presented.

The sick visiting committee for the hospital reported that there were quite a number of patients in hospital at present. It was arranged to give the T. B. patients another motor drive while the weather was suitable for such an outing. It was also decided to give a concert in the T. B. ward as soon as arrangements could be made.

The report on the recent tag day was given. Mrs. Cave, convener of the committee, reported that the total amount collected on this occasion was \$127.75. Of this amount \$50 had been handed over to the G.V.Y.A. The committee extended thanks to all ladies who assisted in any way and to the public generally in making the event the success which it proved. Thanks were ex-

## Clogged-Up Liver Causes Headache

It's foolish to suffer from constipation, sick headache, indigestion, distress, indigestion, and other ailments when Carter's Little Liver Pills can be had in a few hours.

Very few people are able to keep their livers in good order. They get clogged up with bile and other waste matter, and this causes all the troubles mentioned above.

## GUARDS FORCED TO FIRE ON PRISONERS

BELFAST, Sept. 27.—A Cork message today says 440 prisoners in jail there started rioting Sunday and wrecked several cells. After several hours of pandemonium the authorities gave the men a specified time to desist. This time, adds the message, was later extended, and the guards then fired, wounding two men, one of them fatally, after which the rioting ceased.

## URGE HOLIDAY TO MARK ARMISTICE

Veterans Plan Fitting Commemoration of Close of War—Expect Generous Public Support

A resolution requesting the Federal Government to declare November 11, Armistice Day, to be a Dominion holiday, will be forwarded at once to the Hon. W. L. Mackenzie King, Prime Minister of Canada, and the local representatives in the House of Commons at Ottawa.

This action was the unanimous wish of the meeting which was called last night for the purpose of discussing ways and means of the ex-service organizations co-operating with other public bodies in making the necessary arrangements suitably to commemorate Armistice Day each year, and which was attended by representatives of the Canadian Legion, Army and Navy Veterans, Grand Army of United Veterans, British Campaigners, and the Veterans of France.

Mr. Beaumont Boggs was appointed chairman of the meeting, with Mr. Robert MacNeil as secretary. A letter was read from the local branch of the Great War Veterans' Association, stating that it could not see its way clear to send delegates to the meeting at the present time. Regret was expressed on all sides that the Dominion Government had not seen fit to acknowledge Armistice Day by granting a holiday on November 11 instead of on Thanksgiving Day, and the gathering enthusiastically supported the request that in future Armistice Day be proclaimed a Federal holiday.

Suggested Programme  
As a suggested programme for November 11, the meeting considered that in the afternoon, at 2 o'clock, there might be a memorial service, at which fitting tribute would be made to those who had sacrificed their lives in the defence of just principles. It is intended that all organizations, including the Provincial Government and the City Council, shall co-operate with this proposed annual service and assist in making the venture a success in every way.

In the evening, it is suggested that a big function be held at the New Drill Hall, and a special committee, consisting of Comrades J. H. Jones, Cameron and MacNeil, was appointed to meet Colonel F. A. Robertson, D.S.O., officer commanding the Fifth Regiment, to see if arrangements could be made for ex-service associations along with other organizations to co-operate with the Fifth Regiment in making the night of November 11 a grand community evening at the Armory.

Other matters were left in the hands of sub-committees to arrange. The meeting will be held at the call of the chair. It was mutually agreed that everyone should endeavor to make Armistice Day the outstanding occasion of the year, and veterans are hopefully anticipating a generous support from citizens of Victoria in making this wish a reality. The delegates present at last night's meeting included the following: Comrades T. A. Darke and Thomas Jones, Army and Navy Veterans; Comrades J. H. Moore and F. G. Cameron, British Campaigners; Comrades Robert MacNeil and J. H. Hughes, Canadian Legion; Comrades Beaumont Boggs and Gordon Smith, British Campaigners; Comrades S. McVie and M. Burns, Grand Army of United Veterans.

## GUESTS' WAISTS AUGMENT FUNDS

Novel Tea Party at Young Women's Christian Association Proves Enjoyable Affair

An original and unique scheme enhanced the enjoyment of the guests who yesterday afternoon assembled at the Y. W. C. A. rooms, Robart Building, at the tea hour. Each came supplied with a charming apron, and in the pocket was placed the number of inches the donor's waist in cents. The delightful affair netted \$61 for the association, and between seventy and a hundred guests were present during the afternoon.

Receiving the guests were Mrs. Beckwith and Mrs. McNaughton in the reception room, which was beautifully decorated with a profusion of flowers, presented by Mrs. George Watson, of Gordon Head. Among those who assisted in serving refreshments were Misses Anderson, Lucille Kopl, Helen McNaughton, Jessie Bunn, Edith Olsen and Dorothy Smith. The success of the affair is largely due to the efforts of the social committee, headed by Mrs. E. H. Mitchell and Mrs. W. H. Harper. A splendid musical programme, under the arrangement of Miss Kate Hemmings, was carried out during the afternoon, the following ladies contributing numbers: Miss Littenith, "Irish Love Song" (piano); Miss Ella Furell, "I Gathered a Rose for You Alone" (song); Mrs. Fred Moore, "Salut d'Amour" (violin); Miss Kate Hemmings, "Valse" and "Melba" (songs); Miss Montserrat, "Alice, Where Art Thou" and "Idyll" (piano); Miss Myra Renwick, "I Know a Lovely Garden" and "Love Sends a Little Gift"; Miss Ella Furell, "Song of the Sea" (song); Mrs. Fred Moore, "Masurka" (violin); Miss Myra Renwick, "I Think" (song). Mrs. Leonard P. James played the accompaniments.

## PASTOR AND WIFE TENDERED RECEPTION

Major, Rev. J. H. and Mrs. White to Be Guests of Honor at St. Columba Tonight

MAJOR REV. J. H. WHITE

A reception will be tendered by the congregation of St. Columba Presbyterian Church (Oak Bay) to its newly inducted pastor, Major, the Rev. J. H. White, and to Mrs. White this (Thursday) evening at 8 o'clock, and a general invitation has been issued to all residents of Oak Bay, regardless of creed.

Major White is not only a commanding figure in the Presbyterian of British Columbia, but has also an enviable war record, and it is expected that in the afternoon, at 2 o'clock, there might be a memorial service, at which fitting tribute would be made to those who had sacrificed their lives in the defence of just principles.

The Empress Hotel has the most magnificent setting of any hotel that he has ever seen. Mr. L. M. Davenport, owner of the famous Hotel Davenport, Spokane, the finest hotel between San Francisco and Chicago, declared last evening, when discussing various phases of the hotel business with a Colonist representative. He and Mrs. Davenport are in the city on a holiday trip, and will motor up the Island before returning home.

The Spokane hotel owner, himself the head of an institution which is known as one of the best-run hotels on the continent, praised the Empress Hotel for its beautiful grounds, its delightful appearance both within and without, and its homelike atmosphere.

Mr. Davenport, when he desires a vacation, likes to come to Victoria. He knows no more delightful climate than that of this city.

The Davenport's business varied only about fifteen per cent at the most throughout the year, said the proprietor. The value of conventions is fully appreciated in Spokane, where they are held at all times of the year.

The visiting hotel owner has never attempted to operate more than one hotel, concentrating all his efforts on making the Davenport the best possible. He has 555 employees. Next season he plans to have a new wing opened.

Mr. Davenport does not object to the existence of an auto camp in his city. He is a member of the Park Board, under whose jurisdiction the auto camp comes, and believes it to be a valuable asset. It had been found that of every dollar spent by the motor tourist fourteen cents go to the hotels, said the Spokane visitor. But the remainder of the money, being spent in the community, increases the general business and therefore tends to the benefit of the hotels. A charge of fifty cents per night is made for the use of the Spokane auto camp. Once in a while an objection to this is heard, but Mr. Davenport, but he pointed out that when the camp was free many who utilized it desired a greater amount of service and were willing to pay for it.

## DEMANDS DISPOSAL OF ELECTION CHARGES

No Attempt Made by Crown to Bring On Trial Regarding Comox-Alberni Contest

VANCOUVER, Sept. 27.—Disposal of charges pending against Frederick Gosby and Graham Campbell and arising out of the last Federal contest in Comox-Alberni constituency, is demanded by their counsel, C. M. Woodworth.

Both Gosby and Campbell had been acquitted by Judge Cayley of conspiring to elect Herbert S. Clement by unlawful and irregular means, but on a point of law a new trial was ordered by the court of appeal. No attempt has been made by the crown to bring on another trial since this course was directed three months ago.

## PLEADS NOT GUILTY TO THEFT OF AUTO

VANCOUVER, Sept. 27.—Charged with theft of an automobile, Leo H. Anderson was today arraigned in the justice court and pleaded not guilty. He entered the same plea to a less serious count of having a stolen automobile in his possession.

To facilitate the dispatch of business, Mr. Justice W. A. Macdonald had two other cases called. They will follow the Anderson trial.

Both the accused, John King, committed on a statutory charge, and Fook Fook, charged with selling cocaine, pleaded not guilty.

## STOIC ENDURANCE WINS AGAINST COLD

VETERAN AMPUTATES OWN TOES IN LONELY CABIN

For Eighteen Weeks He Keeps Death at Bay, Unable to Move, Without Fire or Cooked Food

Veterans of the world war, and hardy adventurers both, John O'Brien, formerly a sapper in the 1st Tunnelling Company, and J. L. McCleary, who served with the 102nd battalion, found a foe they could not vanquish in the icy cold of the Arctic. The former is dead and the latter is maimed for life.

Reports from the far northern posts of the Royal Canadian Mounted Police just received in Edmonton, Alberta, by Superintendent Jennings, tell the tragic tale of these two men, says The Montreal Star. That which relates the harrowing experience of McCleary nearly touches the acme of human suffering. For eighteen weeks he lay alone in a cabin on an island in the McKenna River, unable to move, without a fire, and with frozen feet. With a jackknife he amputated the toes of his left foot in an effort to ease the agony. He ate nothing in all this time but saw flour, mixed with melted snow secured through a crack in the cabin wall by his bedside. For eighteen weeks he fought the cold, the slowly rotting flesh of his frozen feet, and death. And he conquered, although he will bear the marks of the struggle all his life. The story of his ultimate rescue is told by the mounted police.

Indians Near Cabin

Indians who had been trapping in the vicinity of the man's cabin reported to the police last April that they had seen no signs of McCleary for many days. There were no tracks, nor could they find any fresh chips of wood. This was significant, as McCleary was supposed to be cutting wood for use by the river steamers. Superintendant kept the Indians away from the cabin, although they sensed that something was wrong. So McCleary lay and suffered while hunger, cold and pain stood off and gazed at the silent house. Finally the mounted police were informed by the Indians.

Equipped with two dog teams, Sergt. Clay and Constable Bell left their headquarters at Fort Norman. They took with them food and other supplies they thought might be needed.

"We found the cabin in an almost indescribable condition," said Sergt. Clay. "In it lay the man we were looking for. All five toes of his left foot and the foot itself appeared to be mortified. Parts of the right foot were gangrenous. The man told us that his feet had gone bad on him on his way back to camp before Christmas."

Sergt. Clay described the condition of the cabin which had not had a door or window open for more than four months. Remains of a fire were near the mass of blankets and bags which surrounded the man's bed. But the fire had not been lit from the time McCleary lay down on his bed eighteen weeks before, and during all that time he had lived through the depth of an Arctic Winter without artificial heat of any kind.

There was no other food in the cabin than some raw flour. The sack lay near the bed and the sufferer had laboriously cut chunks in the mud filling between the logs of his cabin, had them secured snow and had mixed it with the flour, and had kept the spark of life alive with this unpalatable paste.

Suffered on Trip

Sergt. Clay describes how he at once sent him a companion back for additional help and a doctor. Two teams arrived in due course and a rude cart was constructed. "The sick man must have suffered on the trip to Norman," states the police report, "as the ice was very rough and it was impossible to so handle the sled that he would not receive some punishment."

At Norman Dr. Richardson, of the Imperial Oil Company's camp, amputated the left foot and a toe on the right. The man was bathed, clean clothes supplied, and Corporal Baker of the mounted police nursed him.

While it is believed McCleary will recover, he will be a sick man for many months. He states he has a sister, Mrs. Fanny Herd, in Hutchinson, McKenna County, Pennsylvania. The story of John O'Brien's tragic end is brief, as recounted in the police documents. He had left a partner to follow a trap line on the north Nahanni River. When he did not return, his comrades set out to look for him. He was found frozen to death on February 28 last, lying face downward in front of a fire that had hardly caught up before it had gone out again. It was supposed O'Brien became ill and was unable to fight off the cold. He had had no experience in a cold climate before, but had traveled extensively in South America, Mexico, and the United States. Superintendent Jennings is trying to discover if O'Brien had any relatives either in Canada or the States.

## WILL DECIDE WHAT TO ASK CANDIDATES

Spanish Workmen's Association Is Holding First Meeting of Winter Season Friday Night

The matter of what questions candidates at the next Spanish municipal election will be asked is scheduled to come before a meeting of the Spanish Workmen's Association in St. James.

NEWS OF SIDNEY

September 27.—Dr. Knox Wright, British Columbia secretary of the British and Foreign Bible Society, visited Sidney on Monday night, when he gave an illustrated lecture on Egypt, in Wesley Hall. There was a fair attendance. The pictures were very beautiful, showing the old ruins which have been discovered in recent years. A collection in aid of the Bible Society was taken up.

The girls' branch of the St. Andrew's Women's Auxiliary held its weekly meeting at the home of Mrs. Rosa Mathews on Monday night. Owing to the wet weather not many people were present and the meeting was adjourned, those who attended going to the lecture on Egypt.

Incorporation papers for the war memorial park have been returned to the board of directors from the Government registrar. The board will hold a meeting next Tuesday evening for the transaction of further business.

### JOCKEY SET DOWN FOR LIFE

LEXINGTON, Sept. 27.—Jockey W. W. Taylor, who rode Betty Real in the Breeders' Futurity, the fifth race on the card here, was set down for life for rough riding.

Donges, the horse awarded the race when Betty Real was disqualified, was running second when Taylor abruptly swerved in front of Donges in the last seventy yards, causing the latter to pull to one side and almost upsetting the horses behind him.

### WEDNESDAY FOOTBALL

Percy Fitzsimmons, the local hockey player, is giving attention to a new line of sport this year. "Fitz" intends to enter a team in the Wednesday football league, and any players who are willing to turn out and have a game are requested to interview him at his billiard parlour.

# SPORTING NEWS

## GARRISON WINS FROM WEILERS

First Meeting of the Wednesday League Teams Provides Fairly Fast Soccer—Score Stands Four to Two

The first clash between Wednesday League soccer teams took place yesterday afternoon when Weillers and the Garrison met in a pre-scheduled friendly game at the Royal Athletic Park for the benefit of the Billy Muir fund. The soldiers proved the victors, scoring four goals to two for the Weillers. Weillers were the first to get into the scoring column, the first tally being notched by Tommy Feden, but at half time the Garrison had obtained a lead of two to one and were never afterwards headed.

The game was decidedly fast for the beginning of the season and the players were in good condition, although the practice which the Garrison had already had helped them to make a rather better showing in this respect, and it was a rather better combination work which was the chief factor in winning the game for them. Taking the game as a whole it was fairly even. Feden and Weillers were responsible for Weillers' two goals, and Hussion (2), Mitchell and Coulter scored those of the Garrison. The first was netted by Feden for Weillers about ten minutes from the start, and the Garrison evaded just two minutes later.

For the Garrison the most conspicuous players were J. Waggett in goal, Hussion, Mitchell and Cummings, while for Weillers Sweeton, Peden, Hall, Baker and Copas were all well to the fore.

There was a fair crowd present to see the game, and the Muir fund will benefit in consequence to the extent of some thirty dollars.

Billy Cull refereed the game and the line up was as follows:

Garrison—J. Waggett; W. Waggett and C. Dunlop; A. Davies, A. Spiera and G. Ward; W. Cummings, G. Mitchell, A. Coulter, B. Hussion and C. Henry.

Weillers—Jellman; C. Hilton and Copas; Hall, Sweeton and Mitchell; Stewart, Fletcher, Hay, Peden and Livingston.

## INTEREST RUNS HIGH IN TRACY-FIRPO BOUT

BUENOS AIRES, Sept. 27.—Great interest is being evinced in the coming 15-round boxing bout between Louie Firpo, the heavy-weight champion of South America, and Jim Tracy, the Australian.

The men will fight on the afternoon of October 1, in a huge open-air amphitheatre, which is under construction on the football field in the suburbs of the city. Promoter August says 48,000 people will be able to view the battle.

If Firpo should win the bout August plans to bring to Argentina Bill Brown, or some other United States fighter, in the heavy-weight division, to meet him.

A Chance for Siki  
Promoter August, of the new boxing stadium here, has a cable dispatch to Battling Siki, inquiring his terms for a bout with the winner of the fight between Luis Angel Firpo and Jim Tracy, Australian heavy-weight, which will take place October 8th.

## CADDY COULD NOT MAINTAIN THE PACE SET BY THIS GOLFER

YAKIMA, Sept. 27.—Arthur Volguth, of Spokane, claimant of the Marathon golf championship of the world, through his playing of 23 rounds of golf in a single day, is after new laurels. During opening play of the new State golf championship here, he played a round of the nine-hole 2,632-yard Yakima Country Club course in 41 strokes and 31 minutes flat.

The score, four par, was better than those of some professionals in the tournament. The course is usually played in 75 minutes.

After his game, Volguth paid off his caddy and asked for his services again. "Nothin' doin'," panted the boy. "I ain't no racehorse."

In 1900 an average of \$2.53 per capita was spent on schools in the United States.

## NEW HAVEN WINS

NEW HAVEN, Conn., Sept. 27.—Staging one of the greatest finishes in a ball game ever seen in this city, New Haven, Eastern League champions for 1922, won the three-game series from Baltimore, International League pennant winners, by taking today's game, 4-3.

## SEAWANHAKA CUP WON BY BRITISH YACHT

MANCHESTER, Mass., Sept. 27.—Colla III, tying the colors of the Royal Northern Yacht Club, Great Britain, lifted the Seawanhaka Cup today, defeating the defender Sakie, of the Manchester Yacht Club, in the third race of the series today between six-metre boats sailed off this port. The British yacht won three successive races in as many days.

MANCHESTER, Mass., Sept. 27.—As a result of today's victory, Colla III will take home to Glasgow the vase given twenty-seven years ago by the Seawanhaka Corinthian Yacht Club, of Oyster Bay, for the encouragement of small boat racing. The first time the trophy has been won by a vessel other than American.

Colla III is owned by F. J. Stephen of the Royal Northern Yacht Club, of Glasgow, and Sakie by F. J. Payne, of the Manchester Yacht Club.

## CONFIRM DECISION TO BAR MAYFLOWER

Designer of Schooner Specially Built to Lift Halifax Herald Cup Falls to Carry Conviction

HALIFAX, Sept. 27.—The trustees of the International Fishermen's Cup confirmed the recent decision barring the Boston schooner Mayflower from competing for the trophy, when H. R. Silver, Halifax, chairman, yesterday wired William E. McInnes, Gloucester, chairman of the American race committee, that the trustees were unable to find anything in the information supplied by the Mayflower designer, A. S. Burgess, to influence them to change their ruling.

The decision of the trustees to continue last year's bar against the Mayflower was contained in a letter addressed to the American race committee, August 12. Following this, Mr. Burgess came to Halifax and presented the Mayflower case to the trustees.

In a telegram of September 15 referring to the trustees' decision, the American race committee stated that the designer and managing owner of the Mayflower had represented that the Mayflower could safely carry at least 55,000 pounds. This was the figure that the champion Bluenose had landed on a recent trip. They also drew attention to the impending visit to Halifax of Mr. Burgess.

## DUNCAN BASKETBALL

PROSPECTS ROSY FOR SUCCESSFUL SEASON

Challenge Cup Offered for Championship of Vancouver Island—Officers Elected

DUNCAN, Sept. 26.—There is every promise that Duncan will be a strong contender for basketball this winter. A team of players, many of whom are up and coming, are all in hand. It is expected that there will be five or six boys' teams entered in the league, and in all probability three ladies' teams.

Meena, Powell and Macmillan have offered to present a challenge cup for the championship of Vancouver Island, and to be played for on the local floor.

YANKEES HOPEFUL OF CLINCHING TITLE IN TODAY'S GAME

NEW YORK, Sept. 27.—Free from pennant worries after one of the most strenuous campaigns in their careers, the Yankees scored up the battle against Western opposition by taking the final game of the series from St. Louis, 6-3. It was the third defeat for four games for St. Louis and put them fourth place, while Cincinnati, by beating Philadelphia 15-8, went into third position.

Indications that Nehf has practically recovered from the effects of an injury to his foot, which checked his effectiveness earlier in the season, was regarded as an important factor in the Yankees' world series chances. The Yankees, within a game of clinching the American League title, hoped to settle the race beyond all doubt by winning from Boston tomorrow in the first of a three-game series with the Red Sox.

Nine home runs in the three National games played yesterday brought the season's total for both leagues to 1,072, close to 100 more than last year's record of 927 home runs.

## VETERAN DRIVER DEAD

SOUTH GLASTONBERRY, Conn., Sept. 27.—Henry Pope, well known on the Grand Circuit thirty or more years ago as a driver of many famous horses and contemporary of "Pop" Geers, Jim Golden and Bud Noble, is dead. He was 85 years old.

over three feet in length. In fact he missed a "one" on the 163-yard sixth hole by a couple of inches. Here are the figures for the round: 4, 2, 4, 4, 4, 2, 4, 2, 5; total 31.

## NANAIMO BASKETBALL ENTRIES COME SLOW

NANAIMO, Sept. 27.—A meeting of the basketball executive was held last evening to receive entries to the league for the coming season. The number received was somewhat disappointing, especially to the girls' junior and senior leagues and the boys' junior and intermediate leagues. It was decided to hold the entries open until Tuesday, October 3.

The teams that have entered so far are: Girls—Junior High School. (Four more entries needed.) Senior—Davenport Pirates, Northside, Native Sons, Chevrolet, Foresters. (One more entry needed.)

## AGED PACER MAKES NEW WORLD'S RECORD

LANCASTER, Pa., Sept. 27.—Joe Boy, owned and driven by Dan Leary, of Westchester, broke the world's record for 18-year-old pacers today, covering the mile in 2:12.1-4. The previous record was made by Johnstown in 1894, in 2:12.2. Joe Boy's best time, made several years ago, is 2:08.1-4.

## JACK NARROWLY ESCAPES KAYO

Overeagerness to Bag His Moose Leads to Knockdown Blow and Some Damage to Champion

ST. JOHN, N. B., Sept. 27.—Jack Dempsey, heavyweight champion, has won his first bout with a Canadian moose. A message received here today from the forests of King's County reported the meeting between the king of the squared circle and the monarch of the North woods last Tuesday. The moose is dead. Dempsey escaped with a torn pair of breeches. Dempsey met his quarry in the early morning when the animal responded to the guide's call. At the first shot the moose fell, and Dempsey, disregarding the warning of his mentor, rushed up and seized it by the antlers. The next moment, as the moose tossed its great head in a last agony, the champion was sent flying through the air, landing fifteen feet away. He was unhurt, but was in much need of a new pair of breeches.

Is Ready for Siki  
The moose had an antler spread of 48 inches, with fourteen points, and weighed 700 pounds. Word came through from Havelock, N. B., this evening that Dempsey and his party had broken camp late today and would reach this city on their way to New York tomorrow.

Dempsey learned today for the first time of the defeat of Georges Carpentier, former light-heavyweight champion, by the Beninese, Siki.

"I am sorry to hear it and very much surprised," he said. "This Siki must be a good man."

Asked if he would meet the Beninese, Dempsey said he was willing

to meet Siki or any other aspirant to the championship at any time, if proper arrangements were made.

### SWEDISH RUNNER'S FEAT

STOCKHOLM, Sept. 27.—Sven Lundgren, a Swedish runner, ran 100 metres in 2 minutes 23.5 seconds here today. It is said this is a world's record.

### Boxing at Seattle

SEATTLE, Sept. 27.—Johnny Clinton, of New York, who substituted for Bobby Harper here last night, boxed a six-round draw with Eddie (Kid) Billings, of Superior, Wis. They are welterweights. Sailor Walters, U.S.B. Idaho, and Young O'Dowd, lightweight, also boxed a draw in the six-round semi-final.

### Lewis Beats Gardini

SAN FRANCISCO, Sept. 26.—Ed "Strangler" Lewis, world's heavyweight wrestling champion, defeated Tenate Gardini, Italian, here last night at the end of a twelve-round bout with Kid Sullivan, also of Brooklyn.

### Martin Beats Sullivan

NEW YORK, Sept. 27.—Pepper Martin, Brooklyn featherweight, was elected first vice-president; A. L. Mercer, Vancouver, second vice-president; A. L. Chausse, Montreal, secretary, and J. B. Haynes, Toronto, treasurer. The executive committee will be composed of Messrs. Gordon, Mercer, Chausse and Haynes, representing their respective provinces, and Prof. E. S. Burgess, Alberta, and F. F. Martin, Saskatchewan.

### Architectural Officers

WINNIPEG, Sept. 27.—H. Gordon, Winnipeg, was elected president of the Council of the Royal Architectural Society of Canada here last night at the close of the fifteenth annual meeting of the general assembly. J. Archibald, Montreal, was elected first vice-president; A. L. Mercer, Vancouver, second vice-president; A. L. Chausse, Montreal, secretary, and J. B. Haynes, Toronto, treasurer. The executive committee will be composed of Messrs. Gordon, Mercer, Chausse and Haynes, representing their respective provinces, and Prof. E. S. Burgess, Alberta, and F. F. Martin, Saskatchewan.

## BON STEIN IS GOLF MEDALIST

Heads Qualifying List in the Yakima Tournament by Eight Strokes—First Match Round Today

YAKIMA, Sept. 27.—Bon Stein, of Seattle, with a card of 139, turned in the best score of over fifty players entered in the qualifying round of 24-hole golf, medal play. In the Washington State amateur championship golf tournament, which opened at the Yakima Country Club course here today.

C. Spels, of Seattle, with a score of 147, had second low score. Russell Smith, of Portland, 151; J. Wall, Spokane, 161; P. F. Lohman, of Yakima, 161; O. Martin, Walla Walla, 162, and A. B. Line, Yakima, 168, were the leaders named among the 32 golfers to qualify for Thursday's first round of match play over the 18-hole course.

First and second rounds will be played on Thursday, third and semi-finals on Friday, and final on Saturday. A stiff wind, which swept across the links all day, played havoc with scores and the golf displayed by Bon Stein, under these conditions, was spoken of as phenomenal golf among the gallery.

## VENDETTA AGAINST QUINN AGAIN RESUMED

Prominent Chinese, for Whom Someone Has Grudge, Suffice Renewed Attacks Upon Property

Once again the vendetta against John Quinn, Chinese owner of a woodyard on Herald Street, and prominent in Chinatown circles, has broken out. This time, according to Quinn's report to the police, his home at 409 Johnson Street was broken into some time last evening while he and his wife were attending the Chinese Theatre and four panes of glass in his bedroom were smashed. A quantity of harness downstairs cut to pieces and seven chickens in the backyard killed, six by having their heads cut off and the seventh by having its neck wrung.

This latest attempt at damage to Quinn's effects marks the resumption of attacks upon his property which, for the past year or two, have baffled the police. Week after week Quinn's woodyard was invaded by some miscreant who cut the large belt connecting the saw with the machinery on the premises. Night after night police watch was kept, but without success. But the very night the watch was not kept the damage was repeated.

One night last Winter Quinn's motor car was attacked, the top cut to ribbons and acid thrown upon the cushions. Quinn had left the car standing on Cormorant Street, while he entered a nearby store. He was away but a few minutes, but someone who had apparently lain in wait for him accomplished the damage.

For some time Quinn has not been molested and last night's occurrence is the first in months. Apparently the man with the grudge against Quinn must have been watching his house last night and when he and his wife left the premises entered and did the damage.

## C.P.R. PRESIDENT HELPS ERRING BOYS

Welfare Work in Montreal Interests and Occupies Much of Mr. E. W. Beatty's Time

Although head of the greatest corporation in the Dominion and a very busy man, Mr. E. W. Beatty finds time to devote much attention to community service work. He finds an outlet for his inclinations in this direction in boys' welfare work in which he is greatly interested, in Montreal.

"Work of that nature is one of the most important undertakings in any community," says the C. P. R. president.

"In Montreal we have a firm, privately supported, where the mischievous boys, or parents bring incorrigible children for correction. After they have remained at this place, where every environment influences them to become normal, healthy boys, they emerge to start life's battle over again.

"They do so, however, with the help of a big brotherhood, each member takes a personal interest in one or more boys and endeavors to keep a fatherly eye over them until they get a good start in life.

"I regard the work of supreme importance. Criminal tendencies, uncorrected by environment or other influence, become greatly exaggerated as the child becomes older, until the worst type of citizen is the result. A helping hand in younger days not only means the salvation of many such children, but results in a great saving to the country in after days and a higher class of citizenship."

## PENSION COMMISSION TO RESUME SITTINGS

Will Probably Require Two Weeks For Presentation of Hundred Cases Prepared

OTTAWA, Sept. 27.—The Royal Commission appointed to investigate the charges made against the Board of Pension Commissioners by the G.W.V.A. will resume its sittings here on Monday. J. R. Bowler, legal representative of the G.W.V.A. who arrived today from Winnipeg, and C. J. MacNeill, Dominion secretary, will commence the presentation of evidence in individual cases which they claim support their contentions.

In all 100 of these cases have been prepared during the adjournment of the hearing, and G.W.V.A. officials are of the opinion that two weeks will be required for their presentation.

## MANAGER OF GEORGE PROPERTY ARRIVES

Part Owner of Stewart Claims, Bonded to Granby Company, Returns From Northern Field

Mr. W. B. George, manager of the George Copper Mines, the company owning the George property on the Bear River, near Stewart, which, as reported in The Colonist last week, was recently bonded by the Granby Consolidated Smelting & Power Company, arrived here yesterday. He stated that the bonding company planned to diamond drill the property next Spring, and that the prospects there were very bright. Mr. George would not give the exact amount of the bond, but admitted that it was more than \$100,000.

The outlook for next season at Stewart is very good, said Mr. George. Rumor has it, in the Northern mining towns, that the Premier Mine will shortly pay another dividend, this time amounting to \$750,000.

The bonding of the George properties by the Granby carries no little significance as far as the Northern mining camp is concerned. With the development of the Premier Mine to the position it has attained this Summer as one of the most promising and richest mines in British Columbia, interest in the Stewart camp has been very much in the public eye.

The Bear River section, which was more fully exploited in the early days of the Stewart camp, has been passed up to a very considerable extent. The taking of an option by a company like the Granby concern which is operating on so large a scale close to Stewart, is regarded by mining men as most significant. It has already tended to attract attention to the properties that since the old-time boom have been allowed to be neglected.

## Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion which is endorsed by thousands of people who know Ask your druggist for Marmola's Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co. 4412 Woodward Ave. Detroit, Mich. 48102. You will be safe from harmful drugs and be able to reduce steadily and easily without starvation diet or tire some exercise. (Adv.)

## BRITISH BANKER VISITING HERE

Continued from Page 1

try. The course of business since the war began appears to me to have been this:

"During the war there was a general business activity owing to the enormous demands made by the Government upon the industry of the country. At the close of the war there followed some months of transition from war to peace conditions. Then came a period of great trade activity when the demand of the world for goods of all sorts seemed insatiable. Prices ran up to high figures and England enjoyed a veritable boom. As soon, however, as the dire needs of consumers throughout the world were satisfied, the demand for goods fell off with startling rapidity, with the result that the boom was succeeded by a period of profound trade depression, and great losses were incurred by British business men.

### General Improvement

"Gradually Great Britain is emerging from that period of depression and liquidation, and excepting shipbuilding and the engineering trades, which still are very idle, a time of general improvement had set in at the time I left England.

"It is true that Imperial taxation weighs heavily upon Britishers, also that European markets are to a large extent closed, but in spite of these drawbacks I feel sure that the trade of Great Britain is gradually recovering. Indeed the recent figures of imports and exports confirm this.

"A favorable feature is that the attitude of labor has greatly improved during the last twelve months. The wiser spirits in labor circles realize the need for co-operation between labor and capital, and there is no longer any disposition among responsible members of the Labor party to toy with bolshevism or communism.

"Altogether the industrial outlook is distinctly brighter. The only ominous feature of the labor position is the startling number of unemployed persons. This is largely due to the stagnant condition of shipbuilding and engineering, to which I have already referred, and which will only be rectified as the volume of the trade of the world increases and stimulates the demand for increased shipping facilities.

"With regard to the political situation, in domestic politics the position of the Government has been rendered simpler and stronger by its bold Irish policy. Its real problems accordingly now lie mainly in the sphere of foreign policy.

"Mr. Lloyd George represents

faithfully the present desires and aims of the British people inasmuch as he is struggling for great ends, namely, the maintenance of peace in Europe and the restoration of the broken economic life in Europe.

"The obstacles in the way of the attainment of these objects are, however, grave. One great difficulty is the divergence of views between Great Britain and her great ally, France, but as one political crisis after another is overcome, the way is being cleared for closer co-operation between the two countries.

"It is vain to expect that the havoc caused by the war will be remedied in no time. It can only be done step by step and by men of earnest and at the same time courageous spirit. The present British Premier has these qualities par excellence.

### Reparations Question

"The burning international question when I left England was that of German reparations. The British view was that Germany ought not to escape from the payment of reparations on a scale within her power to pay, and that, in order to make such payment possible, a moratorium should be granted to her on condition that she should set her government finances in order.

"France appeared to take the view that Germany was wilfully withholding the reparations payments, but I am glad to see that a compromise between the British and French view has been effected, which, I hope, will lead ultimately to a settlement of this vexed question and to the stabilization of the mark. It would be a calamitous thing for the whole of Europe if Germany were to fall into the economic chaos of Austria or Russia.

"With regard to the Turkish question, this arose after I left England, and I know no more than has already been disclosed in the full telegrams appearing in the Canadian newspapers."

Touching on his present visit to Canada, Sir James expressed himself as intensely interested and greatly pleased with all that he had been able to see of Canadian industrial and social conditions. "I am much impressed," said he, "not only by the magnitude of the country and its unlimited resources, but by the buoyancy and enterprise of the population. I feel that no man can place a limit on developments of which this country is capable. The more immediate requirements with a view to such future developments seem to me to be the introduction of more British capital and the immigration of the right sort of men and women."

## "BOHEMIAN GIRL" PRESENTED TONIGHT

Feature Production of Light Opera Company at Royal This Evening and Tomorrow

Brandon Brothers and Rex Reynolds, sponsors for the American Light Opera Company now delighting music and amusement lovers at the Royal Victoria Theatre, announce their feature production tonight and tomorrow night in Balfe's melodious comic opera, "The Bohemian Girl." More than three-quarters of a century has elapsed since this romantic opera was produced in London, but it has never failed to hold first place in the hearts of the lovers of the best in music. Soon after its initial success, the work was translated into French, German and Italian, and its popularity has never waned.

The first American production was in 1844, a year after it was written. Since then it has been revived from time to time, always with success, and the role of Arline, the gypsy, has been interpreted by many illustrious sopranos. In the American Light Opera Company's production to be revealed tonight, this part will be sung by Théo Pennington, who has already established herself with local audiences by her work in "Robin Hood" and "The Mikado."

The romantic story of Thaddeus and Arline, whose love grows as the girl blooms into womanhood, but is threatened with a tragic conclusion by a jealous gypsy queen, is a familiar one, but a story that seems to gain charm with the flight of years. As for the melodies, they are well known even to least musical theatre-goers: "I Dream I Dwell in Marble Halls," "The Heart Bowed Down," "Bliss Forever Past," "Then You'll Remember Me," "Fair Land of Poland," and others equally ingratiating.

The American Light Opera Company is giving at popular prices excellent revivals of works of wide musical appeal. Their presentation of "The Bohemian Girl" promises to attain the same creditable standard set in "Robin Hood" and "The Mikado." And that their efforts have met with a ready response from Victoria lovers of the best in music and entertainment is evidenced by the capacity crowds at each performance. The engagement will come to a close all too soon on Saturday with a matinee and night performance of Gilbert & Sullivan's most popular work, "H. M. S. Pinafore."

CAPITOL How much experience THEATRE should a man have to fit him for the work of producing pictures? Irvin Willat, who produced "The Siren Call," the new Paramount picture showing at the Capitol Theatre, with Dorothy Dalton in the featured role, is backed by a most thorough experience in several lines of motion picture work, which

gives him a broad directorial viewpoint. Willat, who was born in Stamford, Conn., and educated in De-

land, Florida, was with the original

Imp Company as an actor; was a fac-

tory superintendent for the New

York Motion Picture Company; man-

ufactured motion picture cam-

eras, was a first cameraman with

Keystone, Reliance, All Star and

World companies; was in charge of

photography for Ince-Triangle; in-

troduced decorated titles to the trade

for that company and then was pro-

moted to a directorship. He also

directed for Paramount "The Grim

Game," starring Houdini; then went

back to Ince and made "False Faces,"

"Behind the Door" and "Below the

Surface," all of which scored heavily.

Then followed the Irvin Willat pro-

ductions, after which he was again

engaged by Paramount to make "The

Siren Call."

See HARRY CAREY • THE KICK-  
BACK

In His Greatest Picture to Date

By Harry Carey

As for the picture itself, it's a WHALE and a WOW combined into one gold-plated, steel-riveted SMASH. Its action is fast from first to last. Its drama is big and powerful. Its romance is clean and fine and wholesome.

Its adventure is spirited and moves with the refreshing sweep of a big wind through tall timbers. It is action—action—action! And that's what the folks eat up!

That, briefly, is "The Kick-Back"! The first Harry Carey production to rip and crash its way into the greatest motion picture palace in the world—the Capitol, on glittering Broadway, New York City.

A Brilliant Cast, Including Henry Walthall and Ethel Grey Terry.

See it and live one great day amid the Arizona deadlands!

"The Kick-Back" Is by far the Greatest Picture in Which Harry Carey Ever Appeared

You will like it! Come this week if you never come again.

HARRY CAREY IN  
"THE KICK-BACK"

Latest Film Feature Attraction Will Open at the Columbia Theatre Today

Harry Carey in "The Kick-Back," his very latest feature attraction, said to be the greatest picture he has ever heretofore appeared in, opens at the Columbia Theatre today.

Action in capital letters. Speed, more speed and still more speed—stopping only for a love scene that goes right smack to the hearts of all beholders.

That, briefly, is "The Kick-Back," in which Harry Carey, most famous of all Western heroes, is helping each night and afternoon to keep the hair of the nation standing on end.

"The Kick-Back," released by the Film Booking Office of America, is unquestionably Mr. Carey's greatest production to date. It is great, say the critics, because it possesses all those sure-fire entertainment elements that thrill and satisfy audiences in all parts of the country, on busy Broadway, New York, for instance, and in the far reaches of the nation.

The story has to do with the adventures and struggles of a lone cowboy beset by a band of land thieves

who covet not only a valuable water hole he owns in the middle of the desert, but his sweetheart in the bargain. And the fight he puts up to win back his stolen property and the girl of his heart will command the admiration of everyone who sees "The Kick-Back." Others in the cast are the skittish Henry B. Walthall, as the crafty Aaron Price, and the beautiful Ethel Grey Terry, as the object of the cowboy's affections. Mr. Carey appears under the picturesque name of "White Horse Harry."

EIGHTEEN REBELS  
KILLED AT EL PASO

Hundred Men Attack Towns in Texas—Two Mexican Leaders of the Band Among the Dead

EL PASO, Sept. 26.—Eighteen rebels were killed in a battle last week with federal soldiers near Los Mochis, Sinaloa, Mex., after 100 men, under the command of three disgruntled Mexicans, had attacked the towns of Puerto and Chio, Sinaloa. It was learned today.

Among the dead rebels are Gabriel Valenzuela, and Marciano (Gecena), said to be leaders of the band. Guadalupe Gastelum, another leader, was executed immediately.

## On the Night before Wash Day

Do this, and you will have a pleasant, easy, work-free wash-day—with wonderfully clean sweet clothes:

For each tub of clothes take half a package of Rinso, dissolve in just enough cool water to make it as thick as cream. Then stir in two quarts of boiling water, and stir well. When the bubbles disappear you will have a clear, amber-colored liquid that is the magical Rinso washing solution. Pour it into your tub of cool or lukewarm water, and put in the clothes and soak. For extra hard water or extra dirty clothes add more Rinso solution.

In the morning rinse thoroughly and hang out to dry—the washing is done! That's why Rinso is different from all other Soaps and Washing Powders.

At All Grocers

Rinso

Made by the makers of LUX  
R. 104

THEO PENNINGTON

Prima donna soprano with the American Light Opera Company, is here seen as Arline, in "The Bohemian Girl," which will be the offering of the company tonight and tomorrow night at the Royal Victoria Theatre.

## SHARP BREAK TAKES

**STOCKS DOWNWARD**  
Standard Oil Reaches New Peak to Fall Before Coal Strike Effect

**NEW YORK, Sept. 27.**—Speculative operations for the decline again assumed control of today's stock market, forcing another sharp break in prices which carried a number of stocks downward one to three points below yesterday's levels, and in many cases to the lowest figures of the month. Virtually no fresh buying power was in evidence.

Passing of the Pittsburgh Coal dividend, calling attention to the serious effects of the coal strike, which the market had largely ignored before, increasing tension over the situation in the Near East, heaviness of Liberty bonds, and reports that bankers were not disposed to permit further extension of brokers' loans, which had been estimated as high as \$2,000,000,000 when the current reaction began, all contributed to the downward trend.

Standard Oil of New Jersey crossed 200 today to a new high for the year, but fell back five points later for a net loss of 2-1/4. Standard Oil of California also established a new peak price at 121-1/2, but dropped back four points before the close.

Billings against cotton shipments were held largely responsible for the further decline in sterling, and hand bills yielding nearly a point to 14-10-1/8. Continentals yielded only moderately.

Call money held steady at 4-1/4 per cent throughout the session, there being little demand for funds in a reactionary market.

The break in Liberty issues, which fell 25 to 32 points, was the outstanding development in the stock market, which was one of the weakest in recent weeks.

Uncertainty regarding the terms of the Government's new financing was the only explanation forthcoming for the present decline in war issues. Liberty 3-1/2's suffered the most, but the 4-1/4's were also registered material recessions. Several weak spots also were uncovered in the foreign bond list.

Local tractors also lost considerable ground. Losses of one to two points were quite common in the railroad and industrial lists, par value, was \$21-432,000.

## EMPRESS TO SAIL FOR EAST TONIGHT

**PRESIDENT BEATTY PRAISES EMPRESS OF AUSTRALIA**

**C.P.R. Interested in Movement of Grain Via Pacific—Railway Hauls Either Way**

The Canadian Pacific Empress of Australia will be leaving port this evening on her second voyage to the Orient. The liner is sailing from Vancouver at noon today and is expected at the Rihet docks at 5:30 or 6 o'clock, to clear again for the Orient as soon as local passengers, mails and cargo are taken aboard.

Yesterday the vessel completed a 24-hour trial trip in the Gulf and Straits, following a week's attention to her machinery and the installation of some new lubricating boxes.

E. W. Beatty, president of the C.P.R., and Mr. D. C. Coleman, vice-president in charge of Western lines, made the test voyage on the big liner. A Vancouver dispatch says that President Beatty was enthusiastic over the Empress of Australia on which he traveled on the recent trial trip to the Straits.

"She had an entirely satisfactory trial, and in my opinion is one of the finest ships on the Pacific," he said.

"She has comfort and completeness of arrangement, and a steadiness not often possessed by a liner, and these factors will, I think, make her one of the most popular ships running in and out of Vancouver."

The president expressed interest in the grain movement through Vancouver, and was anxious to learn if anything was under way to improve the facilities for handling the grain there. He explained that the Canadian Pacific was interested in the grain movement of the West now as carriers only. The company had disposed of what elevators it had and was devoting its efforts to getting the grain to market. He made it clear that marketing conditions governed the routing of grain, either to Port William or to Vancouver. His company did not select the routing, he said, but was prepared to handle it either way at the demand of shippers and buyers.

Mr. Beatty seemed interested in the possibilities of drydocking facilities being available here in the future and also in the progress of work on the drydock at Victoria, but he had no comment to offer as to the relative merits of such a facility at the two places.

## NEW CAULKING MACHINE

In view of the large area which the deck of a modern steamer covers the original method of caulking the seams by hand occupies an unacceptably large amount of time. In order to achieve something much more rapid and reliable a British firm recently designed and constructed a machine which can do the work very much better than by hand and in a fraction of the time. This machine, which requires only one attendant, will caulk a seam at the rate of more than forty feet per minute—which is equivalent to the work of about twenty men. The caulking, moreover, is so well done that it does not need to be renewed for a very much longer period than is the case with hand work. The machine is driven by a three-horse power electric motor and feeds itself with oakum automatically. Once the machine is started the caulking action is continuous and the machine keeps itself in the exact line of the seam. The whole contrivance can be slung on and off the deck by means of an ordinary crane. It can also move across the deck under its own power when required.

# Vancouver Island

## FARMERS TO DISCUSS ASIATIC COMPETITION

**Forthcoming Meeting of Island Institute Will Discuss Problems With Provincial Legislators**

METCHOSIN, Sept. 27.—That the delegates who will receive a call to assemble at the Parliament Buildings, at 10:30 o'clock on November 1, will consist of presidents and secretaries, wherever possible, is the hope of the advisory board of farmers' institutes. At the last annual meeting of the Farmers' Institutes of Vancouver Island two special committees were appointed, one dealing with the Asiatic marketing situation, and the other with the federating of the organizations into one association.

It was also planned, at the same time, that the organizations should meet again before the session of the Legislature, this resulting in the meeting on November 1.

The intention of this meeting will be to discuss carefully a number of important questions of Provincial scope, which will be passed on to the advisory board, who in turn will present them to the Legislature. The Hon. E. D. Barrow has stated that he is in favor of the November meeting for both committees, which is most satisfactory.

Many members of the Legislature being unfamiliar with the problems of the farmers have expressed their willingness to give full time to the different matters, provided the farmers' organizations will come to the meetings armed with a plain statement of their needs.

## PLAN ENTERTAINMENT

**Langford Women's Institute Will Give Musical to Sister Societies of Lake Hill and Victoria**

LANGFORD, Sept. 27.—Delegates to the forthcoming conference for Women's Institutes were appointed yesterday afternoon at the September meeting of the Langford Women's Institute, which was held at the residence of the president, Mrs. Radford.

Miss Duplessis was appointed as secretary of the institute, and Mesdames Radford and P. Welch as alternate delegates.

Mrs. Radford, in discussing the business of the institute at the Victoria fair, paid most hearty tribute to Mrs. Welch, who undertook the convener's work, and to all those members who worked so willingly with her.

It was also decided to invite the two other institutes participating in the Fall fair exhibition, namely, Lake Hill and Victoria, to a social and musical afternoon in the Langford Hall on October 24.

The residents of Langford are asked to note that on Halloween a frolicsome evening is being planned by the institute, which will take place at the Langford Hall.

Owing to the sad fact that two

## CARE OF SCHOOL GROUNDS

**Illustrated Lecture Under Auspices of Women's Institute in Evening Local Interest**

METCHOSIN, Sept. 27.—An illustrated lecture on the care of school grounds will be given by Mr. J. W. Gibson, director of Elementary Agricultural Education, at the Metchoisin Hall, on Sept. 29 at 8 o'clock, under the auspices of the Metchoisin Women's Institute. There will be no charge made for admission, and the lecture will be followed by refreshments and dancing.

The directors, in extending a hearty invitation to all the residents in Metchoisin, hope that the majority will avail themselves of this opportunity of hearing so excellent and instructive a speaker as Mr. Gibson.

The Farmers' Institute will also appear at the meeting, when the prizes won at the recent fair in Metchoisin will be awarded to the fortunate winners thereof.

## CHEMAMUS NEWS

CHEMAMUS, Sept. 27.—Last Friday night Review No. 19, W.B.A. of Macrae, gave a very jolly doughnut dance in the Recreation Hall. There was a good attendance of local people, Howard Brothers' dance music was excellent. The doughnuts were plentiful and very much appreciated. Dancing was indulged in until the early hours of Saturday morning, and all thoroughly enjoyed themselves.

Chemamus and District Board of Trade will hold its first banquet next Friday night at the Lewistown Hotel. It is expected to be quite a big affair as guests are expected from long distances.

Hunters declare it is a case of hunting this year. Many have been very few return laden. Mr. Arthur How, Jr., and Mr. Hyslop were both lucky in getting a fine buck each.

The public children took twenty-one prizes at the recent Cowichan Fall Fair. Thirteen firsts and eight seconds.

## DANCE AT LANGFORD

LANGFORD, Sept. 27.—Arrangements for the concert to be held at the Langford Hall on Friday, Sept. 29, have now been completed. Amongst those appearing in the concert program will be Mrs. George Deville, Mrs. F. A. Pearce, of Metchoisin; Rev. F. Comley and Mr. and Mrs. Ned Ashe. It is also hoped that Miss Beauchemin will render one of her popular violin solos, and that Mrs. Beauchemin will recite. Good music will be provided for the dance, which will conclude the evening's entertainment.

## LADYSMITH NOTES

LADYSMITH, Sept. 27.—The annual Harvest Thanksgiving Festival will be held in St. John's Anglican Church next Sunday morning. The church will be decorated for the occasion and there will be special music.

Mr. C. H. Whitworth, a well-known business man of Vancouver, was a visitor to Ladysmith this week and while here met an old friend from his early home in Smith's Falls, Ont.

George Bryant, Turner, Verchers and William Adam will leave on Thursday for Portland, Ore., where they will enter the North Pacific College of Dentistry. Mr. Bryant has already spent a year in that college.

The Meaker Brothers are now putting down a cement sidewalk which will extend along First Avenue from Mayor Walkem's office to George Roberts' butcher shop at the corner of Roberts Street.

There was a meeting of the school trustees and teachers on Tuesday evening, when a sports programme for the schools for the coming year was arranged. The school children are taking a deep interest in sports and will enter into the arrangements with enthusiasm.

Mr. John Hickie has been in the city for several days and will devote his attention to improving his building on First Avenue.

City Council Meets. Although two hours were devoted to the meeting of the City Council at the regular session on Monday evening, there was not very much business transacted. Mr. Joseph Carson asked for permission to build a five-room house on lot 12, block 4, and a permit was granted subject to the usual arrangement. There was a lengthy report from the electric light committee, which enclosed a report from an electrician engaged to inspect the power plant. The report stated that no items were to be attached to anyone for the recent stoppage at the plant. The report provoked some discussion, but otherwise there was very little done at the meeting.

Civic Improvements. When Mayor Walkem and his council complete their duties this year it will be found that they have accomplished more than any council of former years in the way of roadbuilding and other public improvements. The work on the thoroughfares applies to every street in the city, and in addition to this many new buildings have been erected during the year, particularly several new business blocks along First Avenue.

Memorial Fund Canvass. The committee of the Ex-Service Association, having in charge the arrangements for the erection of a monument to commemorate the sacrifices rendered the country during the late war, who are now engaged in canvassing the city for funds, are meeting with gratifying success. They will call at every home and where they have already visited the subscriptions have been generous. Some of the citizens have subscribed sums approximating \$25, and none less than \$5. The canvass will continue until the necessary sum has been gathered in.

## DESTROYER NOT DUE UNTIL MARCH

**LIEUT. BEARD TO BRING H.M.C.S. PATRICIAN OUT**

**Probable Senior Naval Officer at Esquimalt on Arrival—Nothing Known of H.M.S. Cape Town**

H. M. C. S. Patrician, recently assigned by the Department of Naval Service to the Pacific Coast, and formerly expected here in October, will not arrive before March at the earliest, according to unofficial but well-founded reports at Esquimalt. Present plans of the department are, it is understood, to base the vessel on Bermuda for the winter with the North Atlantic and West Indies Imperial squadron, and send her through the Canal to Esquimalt in the Spring. The Patrician, together with two trawlers, will possibly some smaller craft, will complement the Pacific naval establishment.

In command of the Patrician at the present time is Lieut. Beard, who was in charge of the Patriot when the Canadian squadron was in these waters a year and a half ago. Lieut. Jones, who was then on the Patrician, is now on the Patriot. Lieut. Jones was formerly on the staff of the Royal Naval College at Esquimalt and is no stranger here.

The Patrician's present commander, it is expected, will bring the destroyer out, but will not retain command on arrival. He will, it is understood, come ashore to assume the duties of senior naval officer of the port.

As far as is known at Esquimalt as yet, H. M. S. Cape Town, reported in press dispatches as due in the Pacific this winter, is not under orders to come to British Columbia. It is considered possible that the international situation has brought about a change of plans, and that the vessel will be kept on the Atlantic. No official information would reach the local naval authorities in any case prior to the passage of the cruiser through the Panama Canal.

Once through that waterway, however, the vessel would be in the area under the jurisdiction of Esquimalt, and notification of the movements of the vessel would be forthcoming from official sources. United States newspapers have been reporting the Cape Town as due at the Hawaiian Islands during December.

## BURIED TREASURE

During the war an enormous number of vessels containing valuable cargo were sunk, and the impression prevails that, except in the case of such things as gold, the cargoes are likely to have been so badly damaged as to be not worth salvage. A Brit-

## EMPRESS TO SAIL FOR EAST TONIGHT

PRESIDENT BEATTY PRAISES EMPRESS OF AUSTRALIA

C.P.R. Interested in Movement of Grain Via Pacific—Hails Either Way

The Canadian Pacific Empress of Australia will be leaving port this evening on her second voyage to the Orient. The liner is sailing from Vancouver at noon today and is expected at the Ritsa docks at 5:30 or 6 o'clock, to clear again for the Orient as soon as local passengers, mails and cargo are taken aboard.

Yesterday the vessel completed a 24-hour trial trip in the Gulf and Straits, following a week's attention to her machinery and the installation of some new lubricating boxes.

E. W. Beatty, president of the C.P.R. and Mr. D. C. Coleman, vice-president in charge of Western lines, made the test voyage on the big liner.

A Vancouver dispatch says that President Beatty was enthusiastic over the Empress of Australia, on which he traveled on the recent trial trip to the Straits.

"She had an entirely satisfactory trial, and in my opinion is one of the finest ships on the Pacific," he said.

"She has comfort and completeness of arrangement, and a steadiness not often possessed by a liner, and these factors will, I think, make her one of the most popular ships running in and out of Vancouver."

The president expressed interest in the grain movement through Vancouver, and was anxious to learn if anything was under way to improve the facilities for handling the grain there. He explained that the Canadian Pacific was interested in the grain movement, the West now as carriers only. The company had disposed of what elevators it had and was devoting its efforts to getting the grain to market. He made it clear that marketing conditions governed the routing of grain, either to Fort William or to Vancouver. His company did not select the routing, he said, but was prepared to handle it either way at the demand of shippers and buyers.

Mr. Beatty seemed interested in the possibilities of drydocking facilities being available here in the future and also in the progress of work on the drydock at Victoria, but he had no comment to offer as to the relative merits of such a facility at the two places.

The president finds that there is a steady improvement in business conditions throughout the Dominion, largely influenced by the prairie crop, and he sees no reason why there should be any interruption of this condition.

"Of course, it is inevitable that we shall run into big pockets," he said, "but this has always been the case. I do not look for any big boom in business nor do we want any now, but prospects at the moment are decidedly satisfactory, as far as I can learn, from Coast to Coast."

"What Canada needs above all things else is people—immigrants. There is no reason why the Dominion cannot absorb population that is carefully and scientifically selected from Europe and the United States. There is room here for carefully chosen people from Northern Italy, the Scandinavian countries, Poland and Belgium, and a few from Central Europe. Such people can be brought to Canada to the advantage of both this country and themselves."

## NEW CAULKING MACHINE

In view of the large area which the deck of a modern steamer covers the original method of caulking the seams by hand occupies an unaccountable amount of time. In order to achieve something much more rapid and reliable a British firm recently designed and constructed a machine which can do the work very much better than by hand and in a fraction of the time. This machine, which requires only one attendant, will caulk a seam at the rate of more than forty feet per minute—which is equivalent to the work of about twenty men. The caulking, moreover, is so well done that it does not need to be renewed for a very much longer period than is the case with hand work. The machine is driven by a three-horse power electric motor and feeds itself with oakum automatically. Once the machine is started the caulking action is continuous and the machine keeps itself in the exact line of the seam. The whole contrivance can be slung on and off the deck by means of an ordinary crane. It can also move across the deck under its own power when required.

## Vancouver Island

## FARMERS TO DISCUSS ASIATIC COMPETITION

Forthcoming Meeting of Island Institute Will Discuss Problems With Provincial Legislators

METCHOSIN, Sept. 27.—That the delegates who will receive a call to assemble at the Parliament Buildings, at 10:30 o'clock on November 1, will consist of presidents and secretaries, wherever possible, is the hope of the advisory board of farmers' institutes.

At the last annual meeting of the Farmers' Institutes of Vancouver Island two special committees were appointed, one dealing with the Asiatic marketing situation, and the other with the federating of the organizations into one association.

It was also planned, at the same time, that the organizations should meet again before the session of the Legislature, this resulting in the meeting on November 1.

The intention of this meeting will be to discuss carefully a number of important questions of Provincial scope which will be passed on to the advisory board, who in turn will present them to the agricultural legislative committee.

The Hon. E. D. Barrow has stated that he is in favor of the November meeting for both committees, which is most satisfactory.

Many members of the Legislature being unfamiliar with the problems of the farmers have expressed their willingness to give full time to the different matters, provided the farmers' organizations will come to the meetings armed with a plain statement of their needs.

## PLAN ENTERTAINMENT

Langford Women's Institute Will Give Musicals to Sister Societies of Lake Hill and Victoria

LANGFORD, Sept. 27.—Delegates to the forthcoming conference for Women's Institutes were appointed yesterday afternoon at the September meeting of the Langford Women's Institute, which was held at the residence of the president, Mrs. Radford.

Mrs. Duplessis was appointed as secretary of the institute, and Messdames Radford and P. Welch as alternate delegates.

Mrs. Radford, in discussing the business of the institute, stated that the Victoria fair, paid most hearty tribute to Mrs. Welch, who undertook the convener'ship, and to all those members who worked so willingly with her.

It was also decided to invite the two other institutes participating in the fall fair exhibition, namely, Lake Hill and Victoria, to a social and musical afternoon in the Langford Hall on October 24.

The residents of Langford are asked to note that on Halloween a frolicsome evening is being planned by the institute, which will take place at the Langford Hall.

Owing to the sad fact that two

## DESTROYER NOT DUE UNTIL MARCH

LIEUT. BEARD TO BRING H.M.C.S. PATRICIAN OUT

Probable Senior Naval Officer at Esquimalt on Arrival—Nothing Known of H.M.S. Cape Town

H. M. C. S. Patrician, recently assigned by the Department of Naval Service to the Pacific Coast, and formerly expected here in October, will not arrive before March at the earliest, according to unofficial but well-founded reports at Esquimalt.

Present plans of the department are, it is understood, to base the vessel on Bermuda, for the winter with the North Atlantic and West Indies Imperial squadron, and send her through the Canal to Esquimalt in the spring. The Patrician, together with two trawlers and possibly some smaller craft, will complete the Pacific naval establishment.

No official information would reach the local naval authorities in any case prior to the passage of the cruiser through the Panama Canal.

Once through that waterway, however, the vessel would be in the area under the jurisdiction of Esquimalt, and notification of the movements of the vessel would be forthcoming from official sources. United States newspapers have been reporting the Cape Town as due at the Hawaiian Islands during December.

BURIED TREASURE

During the war an enormous number of vessels containing valuable cargo were sunk, and the impression prevails that, except in the case of such things as gold, the cargoes are likely to have been so badly damaged as to be not worth salvage. A British authority points out, however, that in the case of steel goods and machinery, immersion for eighteen months or more leaves the articles in practically as good a state as when they came out of the factory. One of the most remarkable illustrations of this claim is afforded by a turbine steamer which has suffered so little during eighteen months under the sea that after having been raised she was actually able to proceed under her own steam when a little overhauling had been carried out. Perishable cargoes also seem to suffer little damage, as a film-like covering is formed by the sea around them.
